

OUR FEES & SERVICES

At Clarity Visas, we believe in providing transparent and fair pricing tailored to the nature and complexity of each individual case.

Our fees vary depending on the type of immigration matter, whether it's a straightforward visa application, a family reunification case, a complex appeal, or any other immigration issue.

We assess each situation carefully to ensure that our clients receive the right level of service at a cost that reflects the work involved.

If you're unsure about your options or would like to better understand how we can help, we offer an initial case assessment.

This gives you the opportunity to speak with an experienced adviser, discuss your circumstances, and receive guidance before committing to any further steps.

We are VAT registered (registration no. 280457495). If you live in the UK then our fees are subject to 20% VAT (added on)
