

Signature Workshops

Crazy Praise Club is Christ-centric, bible believing ministry. Our instructors facilitate creative and interactive events designed to build intimacy with Christ while building community! We are passionate about inspiring women to put their faith in motion, grow in intimacy with Christ, and discover how best to use their gifts and understand their purpose.

Workshops have a specific spiritual goal taught around biblical principles. They are fun and interactive - and most participants testify that the best part is building relationships!

Discover Your Purpose through Life Mapping

A transformative journey through reflection, discussions, and creative exercises. Uncover your spiritual gifts, purpose, and identity while growing closer to God and seeing how your past informs your powerful testimony!

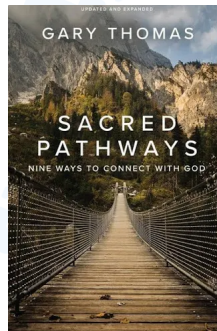

Discovering & Using Your Spiritual Gifts: A Workshop for Empowerment and Service

Get excited to explore spiritual gifts through FOUR key areas: the biblical basis, a gifts self-assessment, a deeper exploration of what these gifts mean, and practical application in serving others. Discover your purpose and calling!

Exploring Sacred Pathways: A Journey to Deeper Faith and Connection

Deepen your unique spiritual pathways through teaching, activities, and group discussions. Explore nine diverse ways to encounter God and enrich your faith. Based on the book by Pastor Gary Thomas, you'll leave inspired to grow in what you learn.

Write Your Own Psalm

This interactive workshop guides participants in crafting their own personal psalm, exploring thoughts, emotions, and experiences through writing. Learn the key components and styles of the Psalms, and end with a reflection and celebration.

For Churches & Ministries

Need a speaker or breakout session for a women's event? We can help you with keynote speakers, breakout sessions, creative workshops or a team building activity. Our senior team is experienced in designing and executing trade shows and retreats, we can be an extension of your team. The Joyful Hearts book and signings are available at every event.

Art & Journal Making

Art Workshop Options - Our artists are experienced in a wide range of artistic endeavors, and these are our most popular workshops.

Visual Art Practices in Spirituality - You will walk through how to put God's word into a visual form that is personal to you. You will choose a favorite verse, spiritual concept, or personal struggle depicted in a collage using elements other than words.

Journal Making - Using a range of art techniques, you will craft a personal journal that speaks to your journey through a challenge, discovery, or gifting. Go home with a beautiful keepsake for yourself or a family member.

Stepping Stones - This popular broken vessels workshop takes things that are broken and puts them back together into something beautiful, just as Christ does with us. Participants leave with a beautiful stepping stone to place in their garden or yard.

Stepping Stones - This popular broken vessels workshop takes things that are broken and puts them back together into something beautiful, just as Christ does with us. Participants leave with a beautiful stepping stone to place in their garden or yard.

Canvas Painting - We have a range of canvas painting options with a juried art instructor, including sheep, angels, a cross or flowers. Our instructor shares part of her amazing testimony and gives each participant an olive wood cross from Isreal.

Special Events

We believe in community, so we have great relationships with other ministries to bring special themed events to organizations. Light of Messiah is one example.

Jewish Themed Events - Presented by Light of Messiah Ministries

Through a cooperative ministry agreement, we are pleased to offer a range of events designed to educate and equip Christians to minister to and pray for the Jewish people. Judiasm 101, Passover Seder, modern-day Isreal, and more are all topics we can cover! This team are all either Jews who now follow Jesus, or people who lived in Isreal to minister, so they have real-world experience.
