

README — Nomadic Funnel Launch Pack

Hey there,

Thanks for grabbing the **Nomadic Funnel Launch Pack**! Inside this folder, you'll find everything you need to build and launch your first funnel — without the overwhelm.

Here's what's included:

1. **Nomadic Funnel Email Sequence (PDF)**

- Plug-and-play 5-email series with fill-in-the-blank prompts.
- Copy these into your email platform (Systeme.io, MailerLite, etc.) and customize them for your audience.

2. **Funnel Launch Map (PNG)**

- Visual walkthrough of how your funnel flows, from opt-in to upsell.
- Great for referencing while you build and connect your pages.

3. **Funnel Launch Checklist (PDF)**

- Your step-by-step guide to keep everything on track.
- Use it to check off each part of your funnel as you go.

4. **Bonus 1-on-1 Strategy Call with Marshall**

You've unlocked a free 30-minute private strategy call to review your funnel, ask questions, or get help launching your product.

Book your call here:

 <https://calendly.com/mellownomadic/30min>

 *Limited to the first 10 bookings each month. If the calendar is full, check back next month!*
