Creating A Global Community

Highlights

The IHA offers credentials for hypnosis and NLP practitioners worldwide.

We focus on qualifications and ethics, ensuring that our members meet the highest standards.

We serve our members personally, while keeping the application & membership process streamlined and accessible.

Trusted Credentials

As an independent, 3rd party credentialing organization, we do not offer courses and we do not charge courses to receive IHA Approval.

*Because we know that
you need to trust us.*

So we have an objective qualifying process that will reassure your students and clients that THEY can trust YOU.

IHA Regional Advisors

In a global community such as ours it is important to be able to reach across borders and communicate effectively.

To this end, the IHA has Regional Advisors.

IHA Regional Advisors are experts in their fields, and our source to help us understand and better serve members in their regions.

IHA Approved Courses

IHA Approved Courses have all undergone independent peer review and have met our stringent course approval standards.

We evaluate courses based on content, student evaluation, and ethics.

This means that you can trust the content of these courses to give you the foundation you need to become a certified member of the IHA.
