

Trusted Tour Guide Annie YouTube Channel - Episode 10 3 Bucket System

This companion guide helps you implement the 3-Bucket Life System introduced in Episode 9 of Trusted Tour Guide Annie. Use it to clarify what needs attention now, what's growing, and what's waiting in the wings.

Your Buckets

Immediate

Urgent, top-priority action items (1–3 max).

Examples: Talk to your “Roots Crew” about working together to save legacy like your family cookbook, editing a family tribute video.

Developing

Mid-term goals you're nurturing or researching.

Examples: Planning a speaking proposal, building a digital album, launching a website.

Someday

Long-term dreams, passion seeds, bucket list. Nothing is too big or too 'out there.'

Examples: StoryCorps interview, Super Bowl legacy trip, writing a memoir.

 Your Turn - The next page provides you with a fillable worksheet you can update at an interval that works for you.
