

FAMILY MONEY GAME

A savings goal + small helpers = less pressure

Our Savings Goal

Everyone learns and everyone benefits if you save for a goal together

We are saving for...

Why this matters to our family

We will need this much money to cover the following things...

Sidekick Jobs

Jobs that kids can do to help the family save money

Smart Shopper Helper

- ☐ At the shops, I help choose between two options in the same price range
- ☐ I look for house brands or better-value packs
- ☐ I help by asking: "Do we really need this now, or later?"

Left-over and waste detective

- ☐ I help check what's already in the fridge and cupboard before we shop
- ☐ I help suggest meals using what we already have
- ☐ I help pack left-overs for lunches or snacks

Fun-on-a-budget planner

- ☐ I help suggest low-cost or free outings
- ☐ I help plan fun with a strict spending limit at the mall
- ☐ I help make a list of ideas for things to do at home

How I helped this week...

Savings Tracker

Each time you save a set amount (say R100), a child can stick a star in one of the blocks

OUR GOAL NUMBER

BY WHEN

Our Money Chat Moment

Once a week for 5 minutes

One thing we did well with money this week...

One choice we were proud of was...

One thing we will try next week is...

Thank you!

Hope you enjoyed this little
Family Money Game
