

# YOU DID IT!

You just took the first step toward turning what you already know into a digital product for an audience you already understand.

The link is below...

## [DIGITAL PRODUCT LIST](#)

### INSTRUCTIONS

1. Copy and paste the red button red to go to the Google Sheet Digital Product list
2. You need a google account to access (you can create one for free)
3. Click on the **Make a copy** button
4. Start using your Digital Product list to find the perfect digital product you can create for 50 different audiences.
