Below it is the example partner link. You must build your own. Take a close look!

https://systeme.io/**?sa=sa0228091569a9ed9e50c768c54f36795bc52eb8dc**

The *first part* is the website’s url: **https://systeme.io**
The *second part* is the connector: **/?sa=**
The *third part* is your partner ID:
sa0228091569a9ed9e50c768c54f36795bc52eb8dc

Step 3

https://systeme.io/**?sa=sa0228091569a9ed9e50c768c54f36795bc52eb8dc**

This is how you build your *Solar Wars Partner ID*. Simply just change the first part of the partner link to that of the sales page you want to promote.

The Systeme.io link to the Solar Wars Audio Adventure sales page is: **https://solarwarstrilogy.systeme.io/swtdots-aa**

Test it: Copy/Paste your new partner link in a browser.

See how it looks!

Step 4

Start sharing your *Solar Wars Audiobook Adventure link* in all your social media.

The best way to do it is modestly with a theme.

For example, college tuition costs. *Tweetstergramsnapatok* a post that let's your audience know your theme and your Solar Wars Audio Adventure means. They too will have the option to win cash and prizes per individual chapter; or purchase the entire audiobook adventure at once.

Either way, your partner link will automatically direct 50% of all purchases to you. So, don't forget to provide your banking and tax information in your new account.

This has never been easier!

There are all kinds of AI tools out there that can instantly write (and even market) posts for you.

Don't worry about *tariffs* or how they might affect you.

Just make more money!

The Final Level

Essentially, another variation of Step 4. Instead of picking an arbitrary theme, deem yourself an Executive Producer of Solar Wars: The Dawn of Two Suns movie project.

The role of the Executive Producer in filmmaking is to secure the financing (or portions thereof) of whatever movie project they're working on; and get paid to do so. In many cases, they simply just keep a percentage of all the financing they secure.

For example: If an executive producer secured $**100,000**.00 on a movie project, they get paid whatever percentage they agreed to. In this example, the agreement is 25%. This motivates the EP to go out and secure that money for the movie project.

This EP made $**25,000**.00. It doesn't mean he has to stop there, or work on just one project at a time. EPs are free to make as much money as they possibly can.

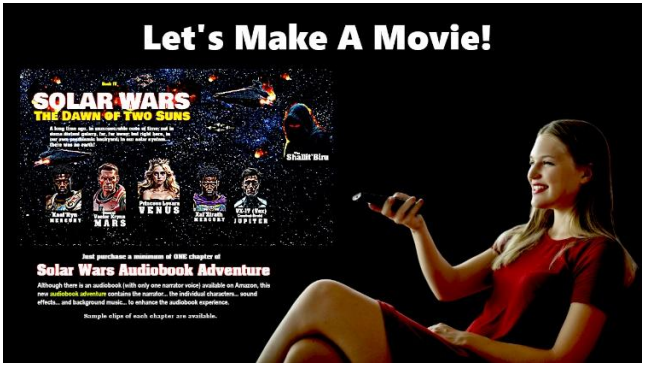

From now on, when you watch movies pay attention to the credits. You might start noticing the same executive producers in the credits of different movies.

In this light, as a Solar Wars Partner, you'll be doing the job as an Executive Producer. You'll be paid 50% of all the purchases from your sales page. *Where do you think the other 50% is going?*
