Introduction

What if you could host an unforgettable event that inspires your audience, strengthens your community, and raises funds all at the same time?

With *New Testament Rock (The 3D Animated Musical)*, you can do exactly that.

This guide will walk you step-by-step through how to purchase a license, set up your screening, and host a powerful fundraising event using this one-of-a-kind film experience.

Chapter 1: The Opportunity

Businesses, churches, ministries, schools, and organizations are always looking for new ways to engage their communities and raise funds. Traditional methods can feel repetitive, but a movie event offers something fresh, exciting, and impactful.

A film screening brings people together. It creates a shared emotional experience. And when done right, it can generate meaningful financial support for your mission.

New Testament Rock is uniquely designed for this purpose. With its powerful story, dynamic music, and visually engaging presentation, it resonates with audiences of all ages.

Chapter 2: What You Get for $199

When you purchase the licensing package, you receive:

- A one-year public performance license
- A downloadable MP4 file (or series of files) of the full movie
- Simple instructions for setup and playback

This license allows you to host screenings for your business, outfit or organization and use the event as a fundraiser.

Chapter 3: How the Download Works

After your purchase, you will receive access to download the movie file. The file is provided in MP4 format, making it compatible with:

- Laptops
- Tablets
- Smart TVs
- USB drives

Simply download the file and store it on the device you plan to use during your event.

Chapter 4: Your Screening Setup

You don’t need a professional theater setup to host a successful event.

Basic Setup:

- A laptop or tablet
- A screen or blank wall
- Speakers (recommended)

Optional Upgrade:

For a more immersive experience, consider using a 4K mini projector with WiFi and Bluetooth. These are widely available and easy to use.

Chapter 5: Hosting a Fundraiser Event

This is where everything comes together.
You can:

- Charge Admission
- Accept Donations
- Provide/Sell Refreshments

Suggested Pricing:

- $5 - $15 per person

Even a small audience can generate meaningful results.

Chapter 6: Sample Event Plan

Here's a simple outline you can build on (a theater-type setting):

- 6:30 PM – Doors Open
- 7:00 PM – Welcome Message
- 7:10 PM – Movie Begins
- 9:00 PM – Closing Remarks / Donations

Here's a second outline you can build on (unconventional-type setting):

- Promote your event to family, friends, neighbors and tell them why you're raising funds. Some might even donate without attending.
- Have a flyer ready. This contains the event name, donation amount, time and place.
- You might even create Registration Form. This contains the name and amounts collected from attendees before the event.
- Host by showing one scene at a time. Precede each scene with a brief spoken narration. She Narration/Overview Sheet is provided.

Keep it simple and focused on the experience.

Chapter 7: Licensing Terms

Your license allows you to:

- Host public or private screenings
- Charge admission
- Use the film for fundraising purposes

However, you may NOT:

- Resell or distribute the film
- Upload it online
- Share it outside your organization

Chapter 8: Maximizing Your Impact

To make your event even more successful:

- Promote through social media
- Invite local groups and churches
- Encourage word-of-mouth

The more people you reach, the greater your impact.

Chapter 9: Final Encouragement

You're not just hosting a movie night; you're creating an experience. An experience that inspires. An experience that connects. An experience that makes a difference.

With *New Testament Rock*, you have everything you need to bring your community together and make a lasting impact.

Ideas For Businesses

Actually, the two acts can be shown separately. Each act is approximately 1-1/2-hours in duration. You can extend the session with sing-a-longs. A lot of the choruses are repetitious and easy to follow.

Your event can consist of only one act. For example:

New Testament Rock, The 3D Animated Musical, Act I
New Testament Rock, The 3D Animated Musical, Act II

If you are a **Babysitter**.

Promote your screening to your neighbors; those with young children. Flyers usually help. Your screening can be in a living room with a Smart TV, or in a spacious room with a blank wall (for projector use). The event can last up to four hours.

If you operate a **Daycare**.

Promote your screening to your clients (i.e., the parents); the additional fundraising fee for your special screening event. Flyers usually help. Your screening can be on a Smart TV, or in on a screen or blank wall (for projector use). The event can last up to four hours. The actual showing is two 1-1/2-hour acts. You can even include some sing-a-longs.

If you teach a **Classroom**.

Promote your screening to your students (i.e., their parents); the additional fundraising fee for your special screening event. Flyers usually help to explain to parents/guardians. Your viewing can be on a screen in the classroom (for projector use).

If you run a **School**.

Promote your screening to all the classrooms; the fundraising fee and purpose of your special screening event. Take complete advantage of the school auditorium (for projector use).

If you operate a **Youth Center**.

Promote your screening throughout the neighborhood; the fundraising fee and purpose of your special screening event. Include any variation of the aforementioned ideas.

If you operate a **Park District**.

Promote your screening throughout the districts; the fundraising fee and purpose of your special screening event. You might promote different shows in different locations. A license for each district is required. Include any variation of the aforementioned ideas.
