

yarn is love.

Hello there!

I'm Delisa. Creative Heritic. Photographer. Weirdness Guide.

I offer tools and support for people transforming themselves through their creativity and learning to tell their own stories.

About this planner

I created this project planner to help fiber lovers and yarnies keep track of all the fiber goodness. It has a simple layout with minimal decoration so you can add as much or as little flare as you want.

This planner works with goodnotes and similar programs.

If you have any questions or need any help, please contact me.
