Deliverable: Launch and Sell Your Digital Product

1. Avatar Video Script for Synthesia

Title: Launch Your Digital Product with Confidence

Duration: 60–90 seconds

Avatar: “Alex” (professional tone)

Script:

Hi,

Ready to launch your digital product and start selling on autopilot?

In this video, I’m going to show you how to combine four powerful AI tools—Synthesia, ManyChat, GetResponse, and ClickUp—to manage every part of your launch, from engagement to delivery.

You’ll record your video once and let automation handle the rest. From DM campaigns and email sequences to client fulfillment and task tracking, everything runs smoothly behind the scenes.

Don’t worry if this feels like a lot. You’ll have templates, scripts, and workflows that make it plug-and-play.

Let’s launch.

Usage:

Embed in email #1, chatbot opt-in, or landing page.

Deliverable: Launch and Sell Your Digital Product

2. Steps to Launch a DM Campaign (ManyChat)

Goal: Capture leads from Instagram or Facebook using a lead magnet or video preview for your digital product.

Steps:

1. Create a New Flow in ManyChat

- Trigger: IG comment, IG story reply, or Facebook post comment
- Example: “Comment ‘Access’ to get the free preview on product guide”

2. Add Welcome Message

- “Hey! Thanks for your interest in [Product Name]. Want me to send the preview or free guide?”

3. Request Email

- Use built-in email capture field
- Auto-save to subscriber list (optional: sync with GetResponse via Zapier)

4. Deliver Resource and CTA

- “Just emailed it to you. Want to see how others are using this?”

5. Offer Video Preview or Bonus Unlock

- Embed Synthesia preview
- Add button: “Unlock Full Access” (Upsell or referral)

Deliverable: Launch and Sell Your Digital Product

3. 5-Day Promo Email Sequence (GetResponse)

Email 1 – Subject: Your Preview Is Ready

Header: Welcome to [Product Name]

Body:

- Deliver product preview or lead magnet
- Embed Synthesia video
- Tease what's coming next: "Tomorrow: How this solves your biggest problem"

Email 2 – Subject: Why This Works

Header: The 4-Part System Behind This Product

Body:

- Describe transformation or outcome
- Use a 3-step or 4-phase structure
- CTA: Activate your access or continue reading

Email 3 – Subject: Behind the Scenes

Header: How I Built This (And Why You Can Too)

Body:

- Share story or use case
- Invite them to visualize their own version
- CTA: Try templates or enroll now

Email 4 – Subject: Only a Few Steps Left

Header: Here's What's Still Waiting

Body:

- Recap what they've received
- Prompt to purchase, register, or unlock bonus
- CTA: Secure your access

Email 5 – Subject: You're Ready to Launch

Header: Let's Make It Live

Body:

- Encourage action
- Share testimonials or early user feedback
- Invite to book a 1:1 or watch final walkthrough

Deliverable: Launch and Sell Your Digital Product

4. ClickUp Dashboard Setup – Digital Product Launch Hub

Folder Name: Digital Product Launch – [Product Name]

List 1: Launch Build Tasks

- Define product structure (course, ebook, template, etc.)
- Write or finalize content and media
- Record Synthesia video(s)
- Set up chatbot flow in ManyChat
- Write and automate promo emails in GetResponse
- Create lead magnet or bonus preview asset

List 2: Delivery and Follow-Up

- Create email onboarding sequence
- Deliver product files or access links
- Embed onboarding or support videos
- Share link to ClickUp or Notion dashboard (if used)

List 3: Post-Launch Optimization

- Track opt-ins and open rates
- Add testimonial and survey collection
- Update VSL or bonus content
- Plan next campaign or seasonal promo

Deliverable: Grow and Nurture Your Leads on Autopilot

Step 1 – Capture Leads with ManyChat

Goal: Use chatbot automation to convert social media engagement into email leads.

Flow Structure:

Trigger: Set up Instagram Comment trigger or Story reply (e.g., “Comment ‘Guide’ to get the free checklist”).

Welcome Message:

“Hey, thanks for requesting the [Lead Magnet Name]. What’s the best email to send it to?”

Email Capture:

Use ManyChat’s email capture input. Tag new lead and optionally sync to GetResponse via Zapier.

Confirmation Message:

“Perfect, the [Lead Magnet] is on its way to your inbox. Let me know if you have questions.”

Optional CTA:

Offer a follow-up like: “Want to see how this works behind the scenes?” and link to a walkthrough video.

Automation Tip:

Use tagging to route leads into different nurture sequences based on entry point or interest.

Deliverable: Grow and Nurture Your Leads on Autopilot

Step 2 – Trigger Email Automation in GetResponse

Goal: Automatically deliver your lead magnet and initiate a nurture sequence.

Email 1 – Subject: Your [Lead Magnet Name] is Here

Header: Welcome, and thanks for grabbing the [Lead Magnet]!

Body:

- Deliver the asset link (hosted on Google Drive, Notion, or Systeme.io)
- Embed or link to Synthesia welcome video
- Tease what's coming next and ask them to whitelist your email

Email 2 – Subject: Here's How to Use It

Header: Your Next Step to Get Results

Body:

- Explain how to apply the lead magnet
- Invite them to reply with questions
- Optionally include a booking link or additional resource

Email 3 – Subject: Want the Full System?

Header: Scale What You've Started

Body:

- Introduce your offer, toolkit, or community
- Include a referral unlock CTA (e.g., "Refer 3 friends to unlock XYZ")
- Include upgrade or funnel links

Automation Setup:

Create a new workflow in GetResponse triggered by tag or form submission from ManyChat. Connect all 3 emails. Use conditions or goals for referrals or upsells.

Deliverable: Grow and Nurture Your Leads on Autopilot

Step 3 – Deliver Your Lead Magnet with Synthesia Video

Video Title: How to Use Your [Lead Magnet Name]

Length: 60–90 seconds

Avatar: Mia or Alex (professional, friendly tone)

Script:

Hi [First Name],

Thanks for grabbing the [Lead Magnet]. In this short video, I want to show you how to use it effectively.

Start by reviewing the checklist or guide we sent. If you apply even one step this week, you'll move forward faster.

We also included a few bonus links you'll find useful, including access to our full automation system.

Let us know if you get stuck—our resources are here to help.
See you in your inbox soon.

Usage:

Embed this video in Email 1, ManyChat follow-up, or a dedicated landing page.

Deliverable: Grow and Nurture Your Leads on Autopilot

Step 4 – Use ClickUp to Host Bonus Assets or SOPs

Dashboard Name: Lead Magnet Delivery Workspace

Folder Setup:

Folder: Lead Magnet – [Name of Resource]

Lists:

- Downloads
- SOPs
- Bonus Assets

Task Setup:

Task 1: Upload lead magnet PDF, template, or Notion doc

Task 2: Set sharing permissions (public view)

Task 3: Embed public link in GetResponse and ManyChat

Task 4: Track clicks via short link or analytics tag

Task 5: Add access to bonus or referral-unlocked content

Suggested SOPs to Include:

- How to use the lead magnet
- What to do next
- Upgrade offer or referral unlock instructions
- FAQs and support contact

Alternative Delivery:

If ClickUp public sharing is unavailable, host assets on Google Drive and link from your funnel or email.

Deliverable: Automate Client Onboarding

1. Greet Clients with Synthesia Video

Title: Welcome to [Your Brand Name]

Duration: 45–60 seconds

Avatar: Alex or Mia (professional and friendly tone)

Script:

Hi,

Welcome to [Your Company or Program Name]. I'm excited to have you here.

We've built this onboarding process to make getting started smooth, fast, and easy.

In the next few minutes, you'll receive your onboarding checklist and a few questions that help us tailor the experience to your needs.

This is fully automated—but designed to feel personal every step of the way.

We're excited to work with you. Let's get started.

Usage:

Embed in the first welcome email, ManyChat message, or onboarding portal/dashboard.

Deliverable: Automate Client Onboarding

2. Collect Client Info via ManyChat

Goal: Capture client details using a chatbot to reduce back-and-forth and eliminate manual onboarding forms.

Flow Setup:

1. Trigger

Use a chatbot button or auto-reply from your Synthesia welcome video. Example: “Click here to start your onboarding.”

2. Client Intake Questions

- Full Name
- Email Address
- Business/Company Name
- Website or Portfolio Link (optional)
- Primary goal for this engagement
- Upload brand files or logo (optional)

3. Confirmation Message

Let the client know their info was received and the next email will contain their onboarding checklist and resources.

Connection:

Use Zapier or native integration to send captured data to Google Sheets, Airtable, or your CRM. You can also trigger task creation in ClickUp via webhook or integration.

Deliverable: Automate Client Onboarding

3. Send Welcome Checklist with GetResponse

Email Subject: Your Onboarding Checklist is Ready

Header: Let's Get You Started

Body Copy:

Hi [First Name],

Thanks for sharing your info. We've prepared a checklist and resource pack to help you get started right away.

Inside, you'll find:

- A step-by-step onboarding checklist
- Key resource links (calendar, folder access, etc.)
- A quick recap of what to expect in the coming days
- Your welcome video in case you missed it

We're here to make this process smooth and effective.

CTA:

Open Your Onboarding Checklist [Insert URL]

Optional Attachments:

- PDF checklist
- Google Drive folder
- Meeting scheduling link

Delivery Schedule:

Use a 3-email onboarding drip:

- Email 1: Checklist + Welcome Video
- Email 2: Expectations and FAQs
- Email 3: Optional upgrade, referral, or support CTA

Deliverable: Automate Client Onboarding

4. Trigger SOPs and Delivery Boards in ClickUp

Dashboard Name: Client Onboarding and Delivery Hub

Setup Instructions:

Folder Structure:

- Parent Folder: Client Accounts
- Subfolder: [Client Name]

Lists and Task Templates:

List 1: Intake Checklist

- Confirm receipt of client info
- Send welcome email
- Grant access to shared folders or tools
- Assign team lead or point of contact
- Mark project as "Active"

List 2: Onboarding Workflow

- Schedule kickoff call
- Send calendar link and expectations doc
- Provide SOPs or starter resources
- Confirm deliverable timeline
- Set project milestone dates

List 3: Delivery Tracking

- Prepare and send first deliverable
- Track feedback
- Schedule revision or feedback call
- Final delivery checklist
- Client success survey or testimonial request

Automation Suggestions:

- When "Intake Checklist Complete" then Auto-assign onboarding tasks
- When folder is created then Auto-send welcome checklist
- Add statuses: Not Started, In Progress, Waiting on Client, Complete
