# About Financial Freedom

“Financial freedom is the point at which the monthly cash flow from your assets equals or exceeds your monthly living expenses. At that point, you no longer have to work for money.

Your money works for you. You are free.”

# About Sacred Economics

“Sacred Economics traces the history of money from ancient gift economies to modern capitalism, revealing how the money system has contributed to alienation, competition, and scarcity, destroyed community, and necessitated endless growth.”

# About UBI

“Universal Basic Income, or UBI, is a proposed cash transfer initiative that is...

- Universal: All citizens would receive payments regardless of economic status. Additionally, they would be unconditional, meaning there would be no other limitations, such as work requirements.
- Basic: The payment amount would be enough to provide basic necessities for individuals or households.
- Income: The cash payment would be continuous and recurring.”
