

BONUS #1

Date	Followers	DMs	Paid Subs	VIP Subs	Revenue

Bonus #1 is a robust **Sheets-Ready Funnel Tracker Layout**—designed specifically for OnlyFans creators using Twitter/X. It helps track post performance, DM funnel effectiveness, and conversions, all in one place.

Google Sheets version: [📄 OnlyFans Twitter Funnel Tracker](#)

Excel version: [OnlyFans_Twitter_Funnel_Tracker.xlsx](#)

BONUS #2

Bonus #2 contains templates to help with upsells. These are designed for you to plug directly into your chats or use as part of your VIP funnel to **increase AOV (average order value)** and get casual fans to splurge without sounding salesy.

🔥 Spicy Upsell #1: "Pick Your POV" Experience

Wanna see what I'd look like riding you? Or maybe whispering in your ear while I play? 😈

I've got 3 custom POV options this week — you choose the angle, the toy, the words.

\$XX and it's yours, baby 💦 Want me to start filming it for you?

✅ Use it to turn a flirt into a custom purchase.

🔥 Spicy Upsell #2: "Unlock My Voice" Audio Series

Most guys don't realize how wet my voice can make you 😏

I just dropped 3 exclusive audio messages — all teasing, no talking over. Only my VIPs get them.

Want me to whisper something just for you tonight? \$XX and it's all yours 💋

✅ Perfect for fans who haven't seen your face or heard your voice yet.

🔥 Spicy Upsell #3: "After Dark Folder" Access

I've got a secret After Dark folder...

Full of scenes I don't post anywhere — raw, no edits, just me being bad.

Only my freakiest subs get the link. I can add you for \$XX — but you can't share it 😏

Want a peek?

✅ Creates a forbidden, VIP-only vibe that boosts urgency and desire.

🔥 Spicy Upsell #4: "Morning Texts & Nudes Club"

Imagine waking up to a new nude + dirty voice note just for you every morning 🤤

That's what my VIP club gets — custom nudes, private messages, and morning moans.

I only take 10 at a time. Want me to add your name to tomorrow's list?
\$XX/week 💋

✅ Works like a recurring offer but framed personally.

🔥 Spicy Upsell #5: “Curious Clicker Close”

When they like but don’t buy

I noticed you liked that last clip but didn’t unlock it...

Be honest — was it the angle, the price, or were you hoping I’d send you something just for you? 😊

I have an idea you might like — want me to send it?

- ✅ Trigger used: Permission-based curiosity + micro-invite
 - ✅ Why it works: Opens the door for custom upsell, gathers objections without pressure
-

🔥 Spicy Upsell #6: “Flash Sale, VIP Style”

Use when traffic is high or after a post gets engagement

*I’m doing a **flash 1-on-1 VIP access pass** for 24 hours only — totally private, voice + custom content + reply priority 🙈*

Normally \$XXX, but I’m letting a few guys in for \$XX just to test something...

Want me to hold you a spot before it fills up?

- ✅ Trigger used: Scarcity + price anchoring
 - ✅ Why it works: High value-perception, urgency, and exclusivity
-

🔥 Spicy Upsell #7: “Finish the Fantasy”

Use after they describe a fantasy or make a request

That fantasy you shared? I can picture it so clearly 🐈

Want me to actually *act it out for you* in a custom vid?

I've got one spot left tonight — and you're the only one I'd do that for

\$XX and it's yours. Want me to start now?

✓ Trigger used: Personalization + emotional bonding

✓ Why it works: Makes the customer feel seen, unique, prioritized

🔥 Spicy Upsell #8: “Behind-the-Door Content”

Use when a fan is price-sensitive or lurking

I don't post everything on my wall 😊

I've got a “*just for my favorites*” folder with unreleased, raw, no-edit content — not public, not teased.

I can give you a key for \$XX if you're ready to really see me... Want in?

✓ Trigger used: Curiosity + exclusivity + emotional ownership

✓ Why it works: Offers *hidden value* while letting the buyer feel in control

🔥 Spicy Upsell #9: “The Risk Reversal Flirt”

Use with hesitant buyers or high-ticket offers

Most guys don't take the leap until they see how *crazy worth it* I am 🤔

So here's my deal: grab the custom pack today — and if it doesn't turn you on in under 60 seconds, I'll add an extra one for free 💋

Fair enough?

- ✓ Trigger used: “value > price” principle + risk reversal
 - ✓ Why it works: Reduces buyer fear, increases trust with a fun twist
-

🔥 Spicy Upsell #10: “Time-Limited Treat”

Use when engagement is up but subs aren’t converting

I’m in a *spoiling mood* tonight — offering 3 fans a special bundle of content I don’t usually sell together...

It’s got my favorite solo scene, a private JOI, and one surprise you’ll thank me for 😊

\$XX — expires at midnight. Want it before I close the vault?

- ✓ Trigger used: Time limit + bundling for perceived value
- ✓ Why it works: Increases urgency + boosts AOV through stacking

BONUS #3

Bonus #3 contains proven, plug-and-play OnlyFans VIP sales message templates designed to convert casual chats into **high-ticket VIPs**. These are emotionally intelligent, persuasive, and relationship-driven.

We recommend personalizing each template to your liking and testing which templates receive the most engagement.

Template 1: “Custom Fantasy Offer” (Personalization + Scarcity)

When to Use: After some light chat, when they’re engaged but haven’t bought yet.

Hey babe 🤔 I’ve got a VIP spot open for someone who wants a completely custom experience — no scripts, no filters. Just me, your name, your fantasy.

I usually charge \$\$\$ for these, but I’m offering it to you for just [\$X] today because you’ve been so fun to talk to 🍷

Want me to save this spot for you before it goes to someone else?

✅ Why it works: It builds urgency, flatters the subscriber, and offers a premium experience for a limited time.

Template 2: “VIP Upgrade Hook” (Curiosity + Status)

When to Use: With fans who’ve bought small PPVs or shown interest in more.

I’ve gotta ask... are you just here to peek, or are you ready for the real experience? 🐱

My VIPs get access to the uncensored vault, behind-the-scenes clips, and weekly custom content that NO one else gets.

It’s for my most loyal supporters only — and I think you’d love it. Want the link?

✅ Why it works: It positions VIP as exclusive and challenges the viewer’s identity/status to move them up the ladder.

💎 Template 3: “Loyalty Reward” (Gratitude + Triggering Reciprocity)

When to Use: For returning fans, or those who’ve been around a while but haven’t upgraded.

You’ve been showing love for a while now — and I noticed. 💕

So here’s what I want to do: I’m sending a private VIP offer just for my top supporters this week. You’ll get:

- 🔥 Custom video
- ✉️ Daily messages
- 📁 Weekly surprises

No pressure, but I’d love to spoil you back 🤔 Want the details?

✅ Why it works: It rewards loyalty, creates emotional connection, and makes the subscriber feel special and valued.

💎 Template 4: “The Personal Access Pass”

When to use: After a fan engages multiple times or compliments your content.

“You’ve been so sweet in our chats — not just thirsty, but actually curious about me... I notice that.” ❤️

I don’t offer this to everyone, but I’ve got a *Private VIP Experience* where I send exclusive content, first-look pics, voice notes, and real-time replies — it’s how I keep my closest fans close.

It’s \$XX/month, and it’s *nothing like* the free stuff.

Want in? 🤔 I’d love to spoil you like you actually deserve.

✅ Why it works: Compliments the fan’s behavior, uses intimacy over sex appeal, and frames the offer as *selective and emotional* access — not just more nudes.

Template 5: “The 'Just You & Me' Fantasy”

When to use: After a flirty back-and-forth or when a fan shares a personal fantasy.

I /love how you open up to me — most guys just want to see skin, but you actually get me hot with your words...

I keep a VIP list for people who want more than a tease — private content, fantasies just for you, and way more voice and video.

It's \$XX, but it's not just content — it's *us*.

I've got one spot open — want it to be yours?

 Why it works: Leans into their emotional investment and personal fantasy, turning the VIP sale into a relationship upgrade rather than a transaction.
