Your Passport to an Unforgettable American Adventure!

What Is an Au-Pair?

An Au-Pair is not just a babysitter – you're a cultural ambassador!

It is a young adult between age 18-26 years, who travels to the United States on a J-1 visitor exchange Visa to provide childcare in exchange for the experience to live with and become part of an American family. Au pairs provide their host families with childcare, up to 45 hours a week, and help with child-related household duties, transporting children to school and activities.

Our partner is a US Department of State Designated Au Pair Program, promotes educational and cultural exchange between nations through our inter-cultural au-pair program. Our program provides American families with live-in childcare and allows our au pairs to experience American education, life, and culture in an affordable international education program.
