Step 2: Find your cloned course by logging into your systeme.io account, then navigate to Funnels.

Step 3: While the funnel is set up and ready for promotion, you have complete freedom to modify it to suit your strategy. This flexibility enables you to customize the course, ensuring it's perfectly tailored to your audience and aligns seamlessly with your unique approach and branding.

Optional: The free Systeme.io account is limited to 3 funnels. If you need more funnels for scaling, our exclusive new users can get a [40% off discount](#).
