Email 1: \$60k in 4 weeks (despite the pandemic)

Because of the current crisis, my friend's business got shut down

(He sells Spanish hams to retail stores and restaurants)

He was looking for ways to generate sales
and was about to send a newsletter to his list

My friend, Aurelian Amacker, saw he was going to make the classic mistake of sending just 1 newsletter

Instead, Aurelian gave him a basic [email launch template](#)

He sent 4 newsletters and made \$30,000 in 1 week!

After that, he made other offers to his list
and in total, he made \$60,000 in 4 weeks

(with a list of just 2,000 people)

He even shared Aurelian's launch template with some of his friends.
One made \$18,000 and the other made \$15,000

It's not rocket science AT ALL

Just a few simple techniques that work like crazy

So Aurelian put together a short video course where he teaches you everything

It's called \$60k in 4 Weeks: Email Marketing Made Easy

Email 2: Use this method to sell ANYTHING online

I was curious about Aurelian's online course,

\$60k in 4 weeks: easy email marketing

He shared it with some friends of his who used it to sell **foie gras** and **caviar**

(They made \$15,000 and \$18,000 in sales)

There might be things you *can't* sell with this method...

...it's just that Aurelian still has to figure out what they are 😂

So yes, **it works for pretty much anything!**
