Email 1: How to make \$100 per day with your email list 🤑

When my friend, Aurelian Amacker, started monetizing email lists back in 2010...

He was earning **\$3,000 per month in passive income** with his email list **alone** and had roughly **120 people** opting into his email list **every day**

(He had a blog about learning English and sent traffic to it using blog posts and Youtube videos)

How did he earn this much with his list?

1. He had a powerful email sequence that was generating \$1,800 per month **on autopilot**
2. He was running a new promotion to his list **every week**
(This brought in over \$1000 every month consistently)

It's as simple as that

In fact, he used this method to monetize his email list **several times**, and you can do it too

In his new course, he teaches **everything** he learned about monetizing email lists over the **past 12 years**

You'll learn how to get to over **100 opt-ins** per day, convert those leads and make **consistent sales** every week

All while only using a few **simple techniques** and your own **powerful sales copy**

Email 2: THIS is why you're not making money online 🤔

Every time I speak to people who are struggling to make money online...

...they usually get little to no new email opt-ins per day

Why?

The **number of daily email subscribers** is the most important sign of a **healthy online business**

If you're not getting new, fresh leads on your email list every day, you'll start seeing your sales **drop dramatically**

(even though you might have a list of thousands)

So, I can tell you with confidence that the **#1 KPI** for your online business should be the **number of daily opt-ins to your list**

If you don't focus on this KPI, your online business **will** fail hopelessly

(I've seen this happen over and over again)

In my friend, Aurelian Amacker's course, he'll teach you how to get to **over 100 opt-ins** per day, and convert those leads to make **consistent sales** every week

All while only using a few **simple techniques**

and your own **powerful sales copy**

(In the course, Aurelian will show you a side business that was bringing in 120 leads per day and \$3k per month)
