Tool Selector

Choose the difficulty blocking your decision. Complete one relevant drill in *The Stoic Strategist Decision System*, then return useful findings to your Decision Brief. Drill numbers restart in each chapter. You can begin without completing the workbook first.

Separate facts from gaps

Workbook Chapter 2, Drill 2: Known vs Unknown Separation. Open workbook PDF page 21.

Test a decisive assumption

Workbook Chapter 2, Drill 3: Assumption Stress Test. Open workbook PDF page 22.

Resolve competing priorities

Workbook Chapter 9, Drill 2: Priority Hierarchy. Open workbook PDF page 66.

Test Right, Smart, Sustainable

Workbook Chapter 9, Drill 3: 3-Part Filter Under Constraint. Open workbook PDF page 67.

Recognize fear or urgency

Workbook Chapter 7, Drill 1: Pressure Identification. Open workbook PDF page 51.

Choose with incomplete evidence

Workbook Chapter 4, Drill 4: Controlled Action Selection. Open workbook PDF page 36.

Examine a disappointing result

Workbook Chapter 10, Drill 3: Failed Decision Review. Open workbook PDF page 73.

Worked examples

A Promising Pilot examines incomplete evidence and includes a mixed Decision Review. The Unfinished Project weighs future commitments after prior investment. A Voluntary Commitment tests capacity and responsibilities. Every scenario and figure is fictional.

Return to action and review

Record the choice, first action, owner, deadline, communication, review date, and observable trigger in your brief. Carry out the action, then complete a Decision Review. A disappointing outcome does not by itself establish flawed reasoning. Use Start Here for the full starting sequence.
