

BRINGING YOUR TINY HOUSE TO HAWAII

We handle door-to-door delivery – from our shop to your property in Hawaii. But here are a few things to get ready on your end:

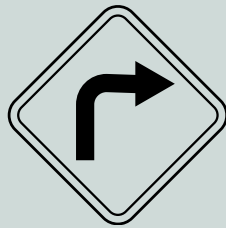

Site Prep:

- ✓ **Level Ground** - Your parking spot should be as flat and firm as possible. Uneven ground can affect how your home sits and functions.
- ✓ **Solid Surface** - Use gravel or cement slabs to prevent sinking in soft or uneven ground.
- ✓ **Confirm any local land use permits or zoning needs**

Road Access:

Tight turns? Narrow bridges? Let us know before we ship so we can prepare the delivery plan.
