

Scope of Work for Move-In / Move-Out Cleaning

Important Notes:

- If, upon arrival, we determine that the cleaning required is more extensive than initially estimated, we will inform you in real time and provide an updated cost estimate to complete the job.
- To ensure quality and maintain proper records, we take before-and-after photos during the cleaning process. Rest assured that no personal documents, photographs, or sensitive client information will be included. These images are strictly for internal use and will never be shared.
- The Maidfy provides all the necessary cleaning products, materials, and tools. If you have a specialty product or device that you would like us to use in specific areas of your home, please show us during the first visit and specify where it should be used.
- For safety and efficiency, we only clean items and furniture that are within reach using a 3-step ladder. If you need cleaning beyond this reach, please let us know so we can discuss possible solutions.

General Areas

- Removing dust, cobwebs, and damp wiping all surfaces
- Cleaning doors, baseboards, and walls (spot cleaning only)
- Vacuuming and mopping floors (no scrubbing)
- Cleaning all interior windows and windowsills (when requested)
- Wiping down all light fixtures and ceiling fans

Bathrooms

- Deep cleaning and disinfecting sinks, toilets, bathtubs, and showers
- Cleaning and sanitizing cabinets and drawers (inside and outside)
- Vacuuming and mopping floors

Kitchen

- Cleaning and disinfecting countertops, backsplash, and sink
- Cleaning the interior and exterior of all appliances
- Wiping down cabinets and drawers (inside and outside)

Final Touches

- Ensuring all rooms are completely dust-free and fresh-smelling
- Removing any remaining dirt or debris
- Vacuuming and wiping down all remaining surfaces
