

# VidDoctor — Combined Legal Disclaimer

Effective Date: July 2025

## 1. Simulation Only (for Demo Use)

The Smart Assistant demo is a simulation environment only. It does not process real bookings, payments, or client data. All interactions are fictional and designed to demonstrate the assistant's functionality.

## 2. No Guarantees or Promises

VidDoctor does not guarantee specific results, revenue, or business performance. All features shown in the demo, marketing materials, and onboarding flows are for demonstration purposes only. VidDoctor is not responsible for the business outcomes of using its service.

## 3. Fictional Interactions (for Demo Use)

All responses provided during the demo are fictional and do not represent a real business or real-time availability. They are designed to showcase how VidDoctor's Smart Assistant operates.

## 4. Intellectual Property Protection

All Smart Assistant conversations, scripts, demo content, and visual elements are the exclusive property of VidDoctor. You may not copy, record, or redistribute any part of the demo or Smart Assistant without written permission.

## 5. No Professional Advice

VidDoctor does not provide medical, legal, financial, or professional advice of any kind. The Smart Assistant is designed purely for automation purposes and should not be used to make critical business or professional decisions.

## 6. Reputation Management (Spartan Rep Shield)

VidDoctor's reputation management tool is a passive monitoring service. It tracks reviews across platforms but does not remove or alter reviews. VidDoctor is not responsible for the outcome of reviews or reputation management on external platforms.

## 7. Data Storage & Privacy

VidDoctor stores user data as specified in the Privacy Policy. Demo data, such as name, email, and business information, may be temporarily stored for simulation purposes. In the full version, client

leads, uploads, and booking requests are stored in the client's own Google account (Drive/Sheets). VidDoctor does not manage or back up this data.

## **8. Platform Dependency**

VidDoctor's Smart Assistants depend on third-party platforms such as Facebook and Instagram. If access to these platforms is revoked or changed (e.g., password resets), service may be interrupted. VidDoctor is not responsible for any service disruptions caused by changes to external platforms.

## **9. Use at Your Own Risk**

By using VidDoctor's demo or full-service offerings, you acknowledge that the service is for simulation and educational purposes. VidDoctor is not liable for any decisions, assumptions, or business outcomes made based on demo content or Smart Assistant interactions.
