

Sudoku Interior Structure Guide

The SD Creator Hub

Purpose of This Guide

Create a clean, structured, and scalable Sudoku book interior ready for Amazon KDP.

1. Intro Page

- 1 What the book offers
- 2 Difficulty level
- 3 Who it's for

2. How to Use This Book

- 1 Fill numbers 1–9
- 2 No repetition in rows, columns, or boxes
- 3 Start with easier sections

3. Puzzle Pages

- 1 Centered Sudoku grid
- 2 Optional difficulty label
- 3 Clean spacing

Puzzle Guidelines

- 1 One puzzle per page
- 2 Standard 9x9 grid
- 3 Consistent layout
- 4 Readable spacing

Number of Puzzles

80–120 puzzles per book (100 recommended)

Solutions Section

Include solutions at the end with multiple solutions per page

Formatting Guidelines

- 1 Readable fonts
- 2 Black & white layout
- 3 Consistent spacing
- 4 Proper KDP margins

Page Count

Target 100–120 pages

What to Avoid

- 1 Over-design
- 2 Inconsistent grids
- 3 Crowded pages
- 4 Missing solutions

Repeatable System

Reuse the same structure. Change difficulty mix and number of puzzles.

Pro Tip

Clean layout beats complex design every time.
