

Welcome to Your Alphabet Tracing & Coloring Book

This book is designed to help young learners practise letters, build early writing confidence, and enjoy simple coloring activities.

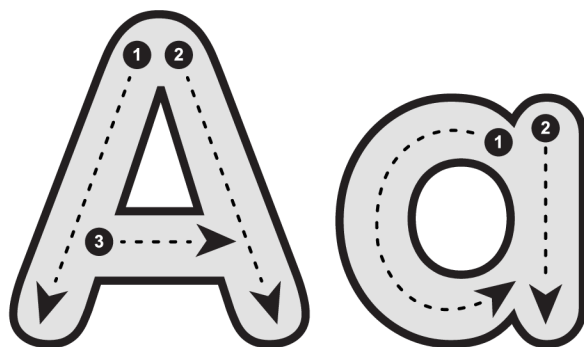

Each letter includes two fun practice pages:

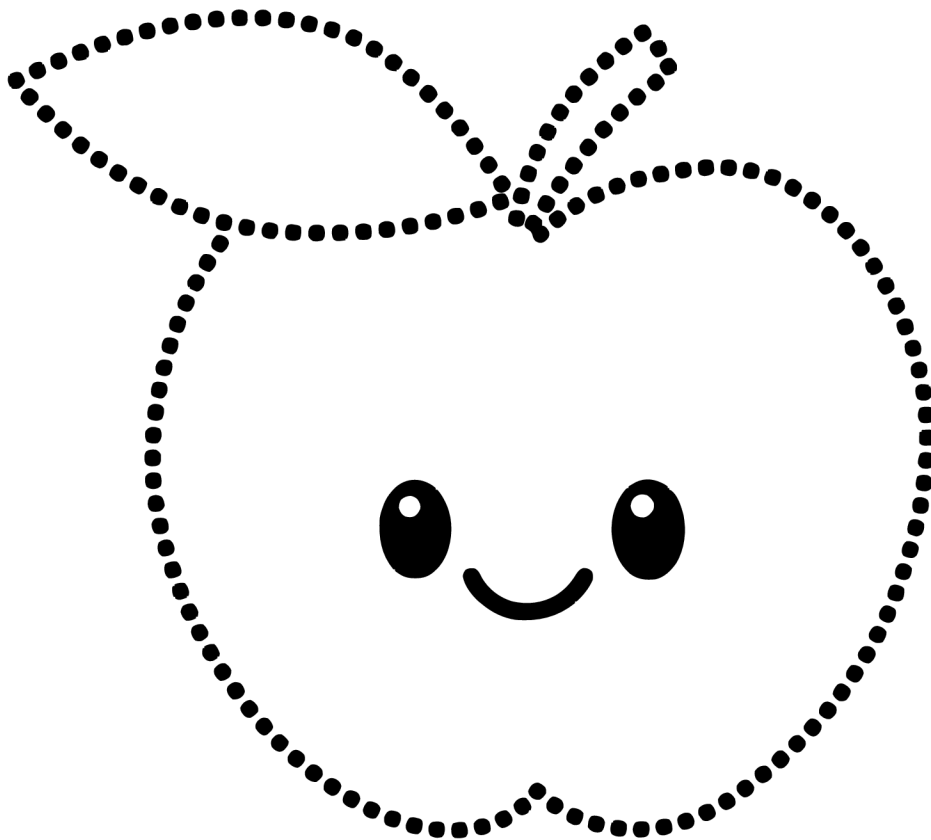

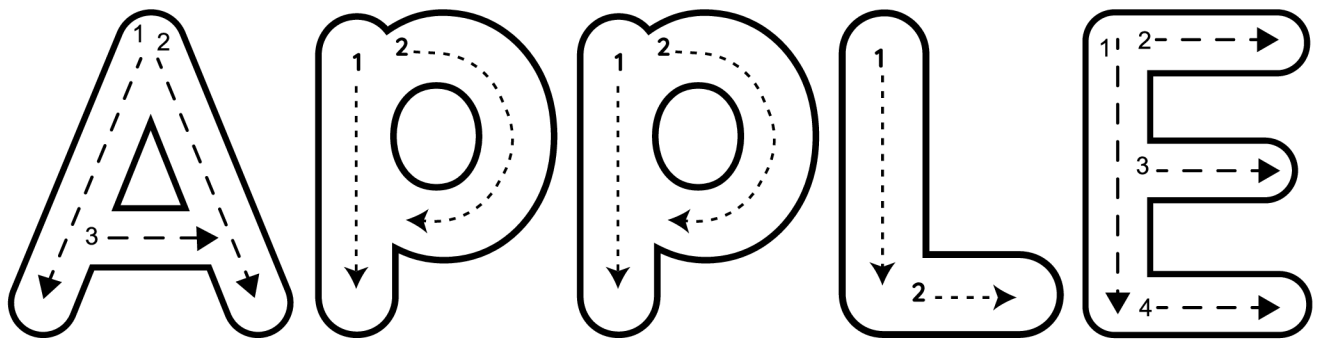

First, your child will trace the uppercase and lowercase letter. This helps them learn the letter shape and practise writing it step by step.

Next, your child will trace a word that begins with that letter and color the matching picture. This helps connect letters with simple everyday words.

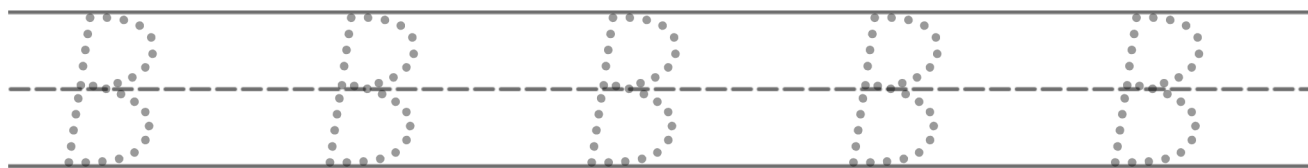

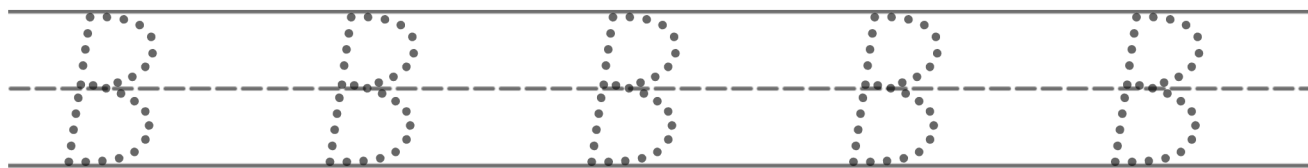

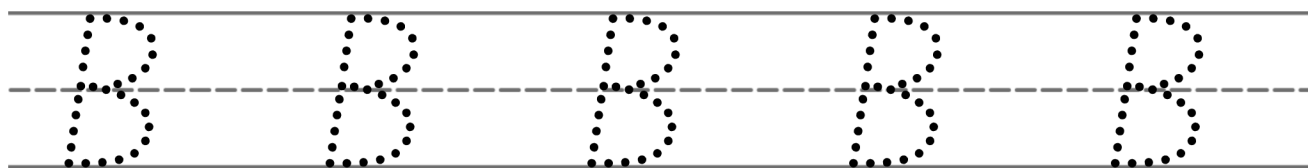

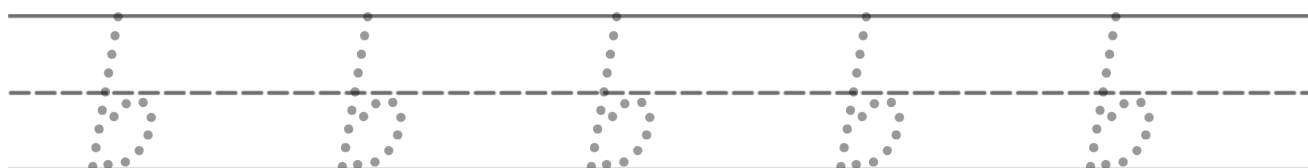

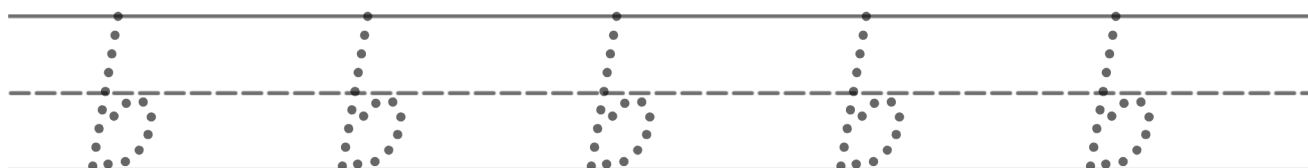

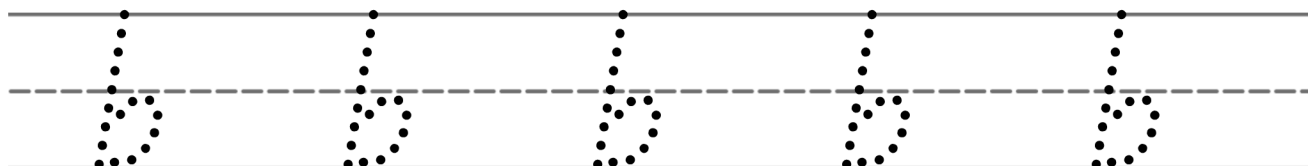

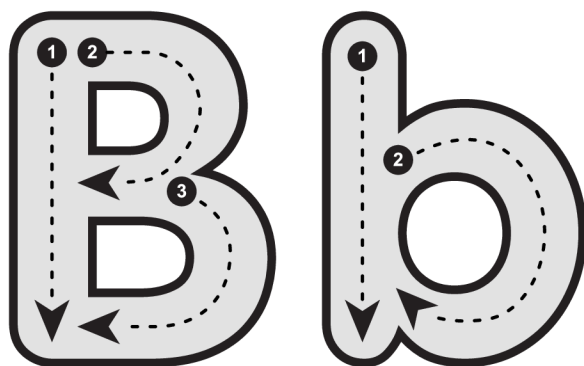

How to Use This Book

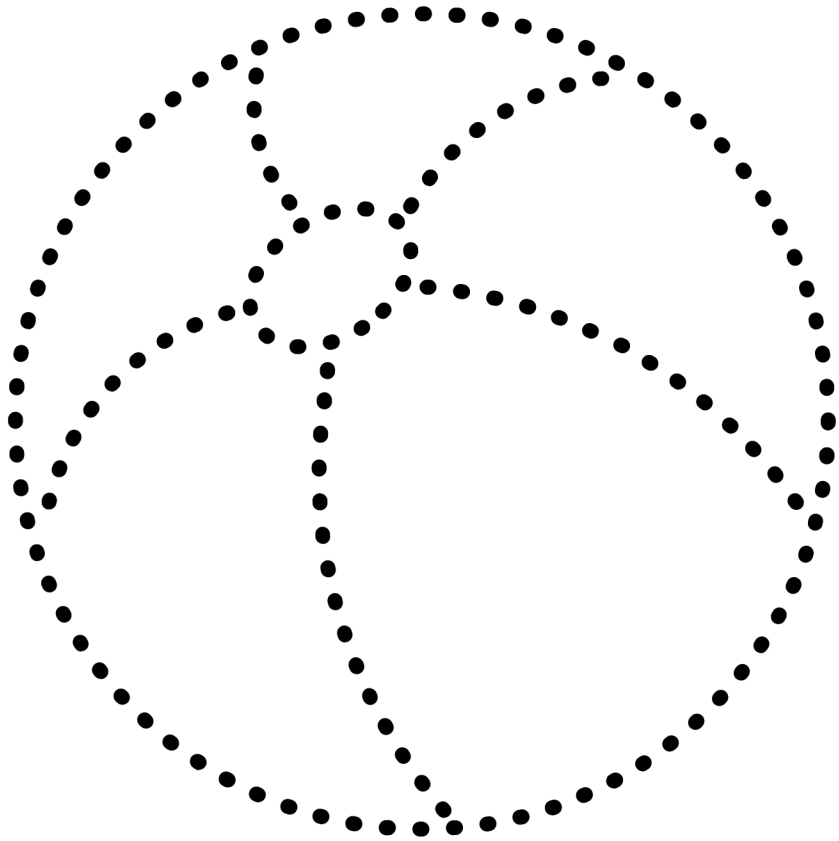

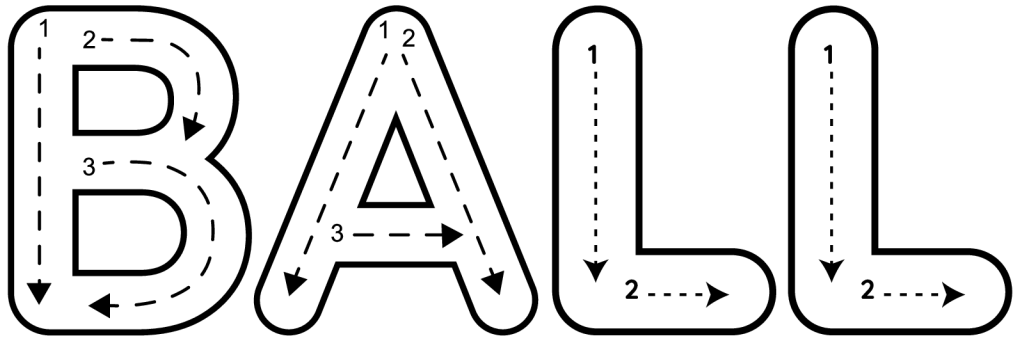

- Start with one letter at a time.
- Encourage your child to: Trace the big letter slowly.
- Follow the arrows and dotted lines. Practise writing the letter on the tracing rows.
- Say the word out loud. Trace the word.
- Color the picture. There is no need to rush.
- Children learn best with repetition, patience, and encouragement. Let your child enjoy the process, practise at their own pace, and have fun learning the alphabet.
