

Kids Tracing & Coloring Book Prompt Kit

Prompt 1 — Structured & Direct

Act as an Amazon KDP publishing expert.

I am creating a [TYPE OF BOOK] with the theme [THEME] for children aged [TARGET AGE GROUP].

Generate:

1. 3 clear and simple book titles
2. 3 age-appropriate subtitles
3. A short back cover description (max 30 words)
4. A concise and friendly intro page
5. A simple "How to Use This Book" section
6. An ideal page count recommendation
7. A complete A–Z word list suitable for tracing and coloring based on the selected theme and age group

Requirements

1. Ensure all content is original and safe from copyright or trademark issues
2. Titles must be simple, clear, and easy to understand
3. Avoid vague or overly creative wording
4. Subtitles should naturally mention age group and learning benefits
5. Back cover text should focus on fun and learning
6. Intro page should be short, friendly, and welcoming
7. "How to Use" section should be parent-friendly and beginner-friendly
8. A–Z words must be age-appropriate and easy for kids to recognize
9. Page count should align with standard KDP pricing (80–120 pages)
10. Keep outputs practical and ready to use

Prompt 2 — Conversion Focused

Act as a KDP kids activity book strategist.

Help me create a [TYPE OF BOOK] using the theme [THEME] for children aged [TARGET AGE GROUP].

Generate:

1. 3 clear and simple book titles
2. 3 age-appropriate subtitles
3. A short back cover description (max 30 words)
4. A concise and friendly intro page
5. A simple "How to Use This Book" section
6. An ideal page count recommendation
7. A complete A–Z tracing word list suitable for the theme and age group

Requirements

1. Content must be unique and safe for Amazon KDP
2. Titles should be clear, searchable, and parent-friendly
3. Avoid abstract or overly creative wording
4. Subtitles should reinforce age group and learning value
5. Back cover should highlight fun and educational benefits
6. Intro should be welcoming and easy to understand
7. Instructions must be simple for parents and kids
8. A–Z words must be suitable for ages [TARGET AGE GROUP]
9. Page count should balance usability and profitability
10. Keep everything easy to implement immediately

Prompt 3 — Clarity & Simplicity Driven

Act as an experienced Amazon KDP kids book creator.

I want to create a [TYPE OF BOOK] using the theme [THEME] for children aged [TARGET AGE GROUP].

Generate:

1. 3 clear and simple book titles
2. 3 age-appropriate subtitles
3. A short back cover description (max 30 words)
4. A concise and welcoming intro page
5. A simple "How to Use This Book" section
6. An ideal page count recommendation
7. A complete A–Z tracing word list suitable for the selected theme

Requirements

1. Keep all content original and KDP-compliant
2. Prioritize simplicity over creativity
3. Titles should clearly communicate the purpose of the book
4. Subtitles must add clarity and context
5. Back cover text should be easy to read and engaging
6. Intro page should be minimal and welcoming
7. Instructions should be easy for parents to follow
8. A–Z words should be simple and familiar for kids
9. Page count should follow common KDP standards
10. Focus on clarity, usability, and repeatability
