

AI Affiliate Content Vault

**100+ Plug-and-Play
AI Prompts for Affiliate Marketing**

Created by Jacob Kaiser

© 2025 AI Affiliate Content Vault — All Rights Reserved.

Welcome to the AI Affiliate Content Vault.

Hey, I'm Jake.

This vault was created for regular people who want to get started with affiliate marketing without:

- Being tech experts
- Posting 24/7
- Showing their face if they don't want to
- Spending months "learning" without earning

If you can copy and paste, you can use this vault.

These prompts are designed to help you:

- Create content faster
- Stay consistent
- Remove the "what do I say?" problem
- Turn ideas into income

You don't need to use everything at once.
Start simple. Progress beats perfection.

What Is Affiliate Marketing?

Affiliate marketing means you recommend products or services online.

When someone clicks your link and buys, you earn a commission.

You don't:

- Create the product
- Handle customer service
- Deal with refunds

Your only job is sharing helpful content and guiding people to solutions.

AI helps by:

- Writing content for you
- Giving you ideas
- Saving you time

This vault shows you exactly how to do that.

How to Use This Vault (Important)

Here's the simplest way to use this vault:

1. Pick ONE platform to start

- Facebook
- Instagram
- TikTok
- YouTube

2. Pick ONE prompt

3. Paste it into ChatGPT (or your AI tool)

4. Adjust it slightly so it sounds like you

5. Post consistently (even 3-4 times per week is enough)

Do not overwhelm yourself.

Momentum comes from small wins.

AI Prompts for Short-Form Videos (Reels / TikTok / Shorts)

Use these for faceless or talking videos.

Prompt 1:

> Write a short, casual script for a 30-second video explaining how beginners can start affiliate marketing using AI. Use a friendly, non-hype tone.

Prompt 2:

> Create a hook for a short video that starts with “I didn’t think this would work, but...” and leads into affiliate marketing for beginners.

Prompt 3:

> Write a short video script explaining a mistake beginners make when trying to make money online.

Prompt 4:

> Write a simple story-style script about someone starting with no experience and learning affiliate marketing step by step.

AI Prompts for Facebook Posts

Prompt 5:

> Write a Facebook post for beginners who feel overwhelmed by affiliate marketing. Keep it supportive and honest.

Prompt 6:

> Create a post explaining why consistency matters more than being perfect in online business.

Prompt 7:

> Write a post inviting people to download a free beginner blueprint for affiliate marketing.

AI Prompts for Instagram Captions

Prompt 8:

> Write an Instagram caption for a reel about starting an online business with AI. Add a call-to-action at the end.

Prompt 9:

> Create a caption that encourages beginners who think they are “too late.”

AI Prompts for YouTube Script

Prompt 10:

> Write a beginner-friendly YouTube script titled "How Affiliate Marketing Works (Explained Simply)."

Prompt 11:

> Create a YouTube script explaining how AI helps beginners create content faster.

AI Prompts for Email Marketing

Prompt 12:

> Write a welcome email for new subscribers who downloaded a free affiliate marketing blueprint.

Prompt 13:

> Create a follow-up email explaining the next step after learning the basics.

AI Prompts for Landing Page

Prompt 14:

> Write simple landing page copy for a free affiliate marketing blueprint aimed at beginners.

Prompt 15:

> Create a short benefits section explaining what someone will learn from the blueprint.

Turning Prompts Into Commissions

OHere's the truth:

Prompts don't make money.
Action does.

Use this simple flow:

1. **Content** →
2. **Free Blueprint** →
3. **Trust** →
4. **Offer**

Your job is **helping**, not **convincing**.

People buy when they feel:

Understood

Supported

Not pressured

Common Beginner Mistakes to Avoid

- **Trying to do everything at once**
- **Waiting to be “ready”**
- **Copying gurus instead of being real**
- **Quitting too early**

Progress feels slow... until it suddenly isn't.

Final Encouragement

If you're reading this, you're already ahead of most people.

You took action.

You showed curiosity.

You're building something.

Keep going.

You don't need to be perfect — just consistent.

This content is for educational purposes only. Results are not guaranteed and depend on effort, consistency, and action.

Next Steps

If you found this helpful, your next step is to:

- **Stay consistent**
- **Keep learning**
- **Use AI as a tool, not a crutch**

More resources will be shared as this journey continues.
