Welcome!

Thank you for downloading the **Alaska Cruise Packing Checklist**!

Packing for an Alaska cruise is a little different than packing for a tropical vacation. Temperatures can change throughout the day, and you'll likely experience sunshine, rain, cool mornings, and chilly evenings—sometimes all in the same day. The key to staying comfortable is dressing in layers and packing a few essentials that are easy to overlook.

This checklist was created to help you pack with confidence and avoid those last-minute "I wish I'd packed that!" moments. Print it out and check off each item as you pack, or save it to your phone or tablet for easy reference before your trip.

I hope this checklist makes preparing for your Alaska adventure a little easier, so you can spend less time worrying about what to bring and more time looking forward to breathtaking glaciers, incredible wildlife, and unforgettable scenery.

Have an amazing cruise!

A Few Alaska Packing Tips

- Dress in layers instead of relying on one heavy coat.
- Bring a waterproof jacket for unexpected rain showers.
- Wear comfortable waterproof walking shoes for shore excursions.
- Pack binoculars if you enjoy spotting whales, bears, eagles, and other wildlife.
- Keep medications, travel documents, and valuables in your carry-on bag.
- Don't forget a portable phone charger for long excursion days.
- Check the weather forecast before you leave, but be prepared for changing conditions.
