This practice is fundamental in aligning the product with your brand. To differentiate your brand from others, we recommend layout, image, font, and/or title modifications when using these templates.

We also ask for you to refrain from using our shop listing promotional images, as well as copy and pasting our product description. Instead, we encourage you to create your own description of the product, and use your own ads. Making a few adjustments to personalize the product is always a smart choice when rebranding for resale.
