COLLABORATION

We prioritise building long-term strategic partnerships over one-off endorsements to ensure your brand gains traction with our audience. The structure and time frame of our content partnership ranges from quarterly and bi-annual to full-year agreements.

Because every sponsor is different, we openly negotiate a framework that aligns with both our goals and pricing is based on the production scope and time required to produce high quality content.

MENTION

A mention is a short statement said at the beginning of a video like this: "brought to you by (brand name)" or "this video is sponsored by (name)."

We will make the mention within the first 60 seconds of the video and include a description of what the business/product does.

DEDICATED VIDEO

A dedicated video focusses entirely on your brand, where we demonstrate and explain your product's features so potential customers clearly understand how it helps them.
