From 1 go the the edge of your book. Loop around the side and go back down into 1.

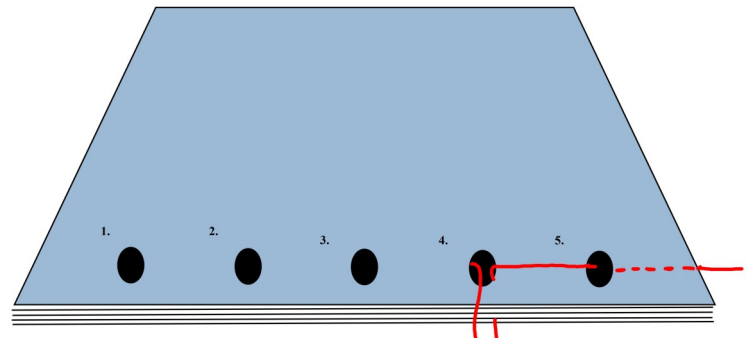

Go around the front edge and make a loop by going back through 1. Then under and up at 2.

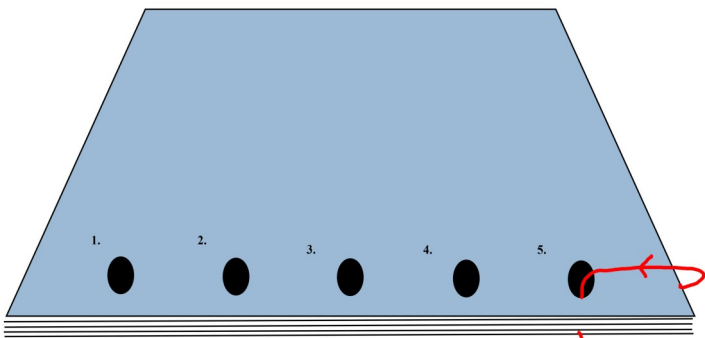

Go around the front edge again and back up through 2. Then go straight over to 3. Go down 3.

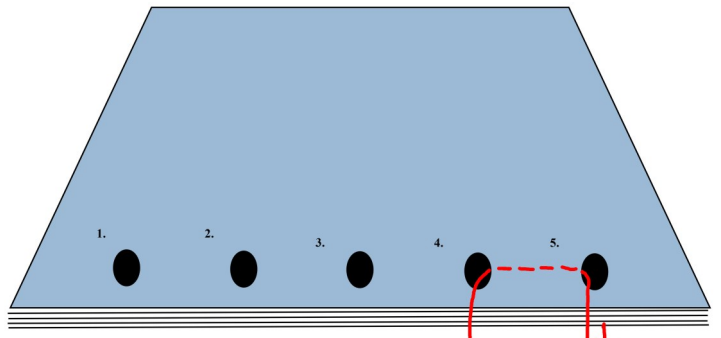

Go around the front edge and back down into 3. Now go straight under and up at 4.

Go around front edge and back up at 4. Now go straight over to 5.

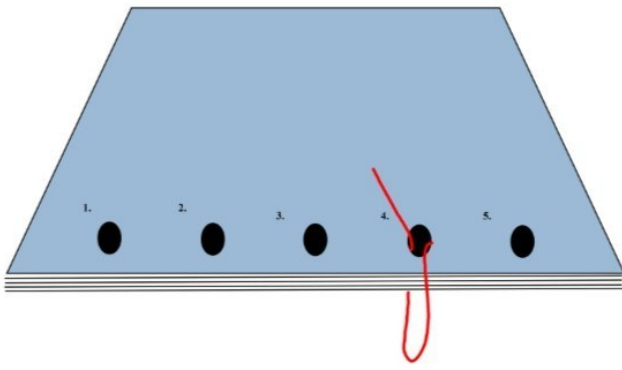

Go around the side edge and back down through 5.

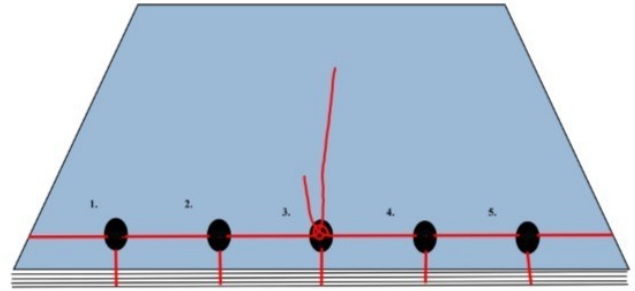

Over the front edge again and back down through 5. Now go straight under and up at 4.

			
<p>Cut the washi paper in half, down the fold. Apply glue to your card and attach to one sheet of washi.</p>	<p>Fold over each side of the washi</p>	<p>Place a dab of glue on each corner of the card. Fold over the corners of the washi paper.</p>	<p>Using your nail or creasing tool, make a crease exactly at the edge of your card.</p>
			
<p>Place glue along the 2 short edges and fold over to glue to the card. Repeat with the long sides. Push the needle through each punched hole</p>	<p>Now turn over to the front and use a chopstick to expand the hole to the size of the punched holes.</p>		<p>Line up all of the inner papers and clip with a bulldog clip or similar.</p>
			
<p>Cut the long strip of paper in half. Cut diagonally. Push into holes as above.</p>	<p>Glue the strips of paper and fold over as above. This secures your inner pages.</p>	<p>Place glue all over the corner paper and place on the corner.</p>	<p>Fold it over and press firmly. Do not seal the excess that is hanging over the edge.</p>
		<p>You are now ready to add your covers. Apply glue to the inside of the covers and carefully place them onto your inner book and line up the holes and edges.</p> <p>Place a bulldog clip onto the opening edge of the book and we're ready to bind it.</p>	
<p>Now flatten as above to create 'wings'.</p>	<p>Apply glue to the inside of each wing and fold down firmly. Repeat.</p>		

Go around the front edge and back up through 5.

Remove the needle. Unpin the cord from the bulldog clip. Bring it down so it is over the top of 3. Tie the two end together directly over 3. Push the needle half way down 3. thread the longest end of cord and by pulling this down through 3 you can pull the knot into the hole. Snip off the excess from underneath.
