2. Path Finder Quiz

For each question, choose A-F. Count your answers. Your most frequent letter suggests a path to explore, not a diagnosis or guaranteed result.

Question	A / B / C	D / E / F
What do you want now?	A: Income ideas; B: AI help; C: Better organization	D: Better purchases; E: New skills; F: Preparedness
Biggest friction?	A: No business system; B: Repetitive work; C: Scattered tasks	D: Overpaying; E: Skill gap; F: Unprepared home
What would you open?	A: Business resource; B: AI tool; C: Planning app	D: Product comparison; E: Learning guide; F: Preparedness guide

3. PICK-FILTER-ACT

Step	Action	Meaning
P	Pick one goal	Income, AI, productivity, deals, learning or preparedness.
I	Identify the problem	What exactly would this resource solve?
C	Check credibility	Examine claims, independent information, disclosures and support.
K	Keep it simple	Explain the offer and commitment in one sentence.
FILTER	Use SCORE	Assess the offer before buying or joining.
ACT	Take one action	Save, compare, test, join, buy or move on.

The three-minute offer pause

Minute 1: identify the promise. Minute 2: check pricing, cancellation, refund terms and commitment. Minute 3: use SCORE. A low score is a reason to pause, not an automatic verdict.

4. The SCORE Filter

Rate each criterion from 1 (unclear/poor fit) to 5 (clear/strong fit). Add the five scores for a total out of 25.

Letter	Criterion	Question	Score
S	Specific Problem	Does it solve a clear problem?	1-5
C	Clear Outcome	Do you understand the intended result?	1-5
O	Offer Credibility	Are the claims and terms clear and verifiable?	1-5
R	Relevant to You	Does it fit your goal, budget and context?	1-5
E	Easy Next Step	Is the next action sensible and understandable?	1-5

Interpretation guide (a planning heuristic, not a validated rating): 21-25: examine closely; 18-20: compare once; 13-17: pause and investigate; 5-12: generally move on for now. A score does not establish product quality, safety or likely results.

5. Your Smart Opportunity Shortlist

These are examples to investigate, not endorsements or guarantees. Offers, prices and terms can change; check the live page and independently verify details.

Path	Primary example	Alternative example
Money	WorldProfit	Massive Passive Profits
AI	Aiville	AI Video Bundle
Productivity & Digital Tools	Choose a task-management or workflow tool after checking features and terms.	Compare a second software tool for the same task.
Deals	Amazon Smart Pick	Alternative Amazon Pick
Learn & Earn	Genius Switch	TheGreatDiscovery
Survival/Home	Water Freedom System	SmartWaterBox

The Productivity path intentionally has no named affiliate recommendation until a suitable digital tool has been independently reviewed. Do not treat an empty recommendation as a reason to buy something else.

6. Red Flags, Green Flags & Questions

Pause when you see	Investigate further when you see
Guaranteed income or exaggerated outcomes	A specific problem and a clearly explained outcome
Unclear product or deliverables	Transparent price and straightforward next step
Confusing recurring billing or cancellation	Accessible terms, documentation and support
Pressure to buy before reviewing details	Realistic claims and adequate time to decide

Five questions before you act

- What specific problem does this solve for me?
- What exactly will I receive, and what is excluded?
- What are the full costs, renewals and cancellation terms?
- Can I afford the time, money and attention involved?
- Would I make the same decision tomorrow?
