# Hot Cocoa Bar Setup

## Build Your Own Hot Cocoa Bar

### Instructions:

Turn your kitchen into Mrs. Claus' cocoa corner! Gather your favorite mugs and fill your bar with toppings that make every sip magical.

### Ideas for Your Cocoa Bar:

 **Hot cocoa mix or melted chocolate**

 **Mini marshmallows**

 **Chocolate chips or curls**

 **Crushed candy canes**

 **Pretzel sticks**

 **Cookie dunkers**

 **Whipped cream & caramel drizzle**

 **Sprinkles or cinnamon dust**

### *Magic Candy Cane Tip:*

Set your Magic Candy Cane next to the cocoa bar — Santa says it stirs up extra sweetness when families make cocoa together.

 Take a picture of your cocoa bar and share it with [#AMagicalChristmasExperience](https://www.instagram.com/AMagicalChristmasExperience). Santa's helpers will be watching our tag, and we'll share some of our favorite setups on social media!

# My Favorite Christmas Dishes

## A Recipe for Memories

Mrs. Claus says every dish tells a story. Some are passed down from grandparents, others are brand-new and a little messy, but they all become part of your family's Christmas cookbook.

Use the next page to write your favorites so you can make them again year after year.

## Tips from Mrs. Claus:

- 🍪 Wear an apron, not your good sweater, cocoa splatters travel fast!
- 🍴 If it doesn't come out perfect, sprinkle extra powdered sugar and call it "snowy style."
- 🎄 Let little hands help. The cookies might be crooked, but the smiles will be perfect.
- 🍰 Taste-test as you go. It's Santa's favorite rule!

## Family Tradition Idea:

Start a new Christmas tradition this year! Each time you bake, take a photo or write down a story about it. Keep the pages in a binder to build your own Family Christmas Cookbook over the years.

## Magic Candy Cane Tip:

Hang your finished recipe near your Magic Candy Cane. Santa says the smell of cocoa and cookies helps guide him straight to your kitchen.
