## Connector Quick Guide – English & Afrikaans

ENGLISH VERSION	AFRIKAANSE WEERGAWE
<p><b>⚡ Option 1 – The Smart Money Angle</b></p> <p>“Can I ask you something — if your school could raise funds every single day from what’s already being spent by parents and the school itself... would you want to see how?”</p> <p>👉 “What we do is actually quite unique — we help schools turn their own essential spending and what parents already spend on groceries, fuel, and everyday needs into fundraising made easy. No cost. Minimal extra admin. Minimal extra effort — just smarter use of what’s already being spent.”</p>	<p><b>⚡ Opsie 1 – Die Slim Geld Hoek</b></p> <p>“Mag ek gou iets vra — as jou skool elke dag fondse kon insamel uit wat ouers en die skool reeds spandeer... sou jy wou sien hoe dit werk?”</p> <p>👉 “Wat ons doen is regtig uniek — ons help skole om hulle eie noodsaaklike uitgawes, en dit wat ouers reeds spandeer aan kruideniersware, brandstof en daaglikse benodighede, te verander in fondswerwing sonder moeite. Geen koste. Minimale admin. Geen ekstra werk nie — net slimmer gebruik van wat reeds uitgegee word.”</p>
<p><b>♥ Option 2 – The Budget Pain-Point Hook</b></p> <p>“With school costs rising the way they are — what if your existing expenses could actually start bringing money back into the school?”</p> <p>👉 “We’ve developed a system that turns those unavoidable expenses — from the school and parents alike — into ongoing fundraising without the cost or admin.”</p>	<p><b>♥ Opsie 2 – Die Begrotings Pyn Punt</b></p> <p>“Met skole se kostes wat so vinnig styg — wat as jou bestaande uitgawes geld kon terugbring in die skool?”</p> <p>👉 “Ons het ’n stelsel ontwikkel wat daardie onvermydelike uitgawes — van die skool én ouers — omskep in deurlopende fondswerwing, sonder koste of admin.”</p>
<p><b>🔥 Option 3 – The Curiosity Bomb</b></p> <p>“If I told you your school could generate fundraising without asking anyone for more money, would you believe me?”</p> <p>👉 “It’s true — we simply help schools redirect what’s already being spent by parents and the school itself into steady, automatic fundraising. No selling. No extra work.”</p>	<p><b>🔥 Opsie 3 – Die Nuuskierigheidsklappie</b></p> <p>“As ek vir jou sê jou skool kan fondse insamel sonder om iemand te vra vir meer geld, sal jy my glo?”</p> <p>👉 “Dis waar — ons help skole eenvoudig om te verdien uit wat ouers en die skool reeds elke maand bestee. Geen verkope. Geen ekstra werk nie. Net fondswerwing wat outomaties aanhou vloei.”</p>
<p><b>🌟 Option 4 – The ‘Why Not?’ Challenge</b></p> <p>“What’s stopping your school from earning funds from the money it’s already spending each month?”</p> <p>👉 “That’s exactly what we do — we turn the school’s essential financial commitments and parents’ everyday purchases into ongoing fundraising, quietly in the background.”</p>	<p><b>🌟 Opsie 4 – Die ‘Hoekom Nie?’ Uitdaging</b></p> <p>“Wat keer jou skool om fondse te verdien uit die geld wat reeds elke maand gespandeer word?”</p> <p>👉 “Dis presies wat ons doen — ons verander die skool se noodsaaklike finansiële verpligtinge en ouers se daaglikse aankope in deurlopende fondswerwing, stil-stil in die agtergrond.”</p>
