

Subject: A Modern, Zero-Risk Funding Opportunity for Your School

Preview Line: Transform everyday spending into meaningful school income — with no financial risk and minimal workload.

Good day [Recipient Name],

Schools today face increasing financial pressure. Core educational needs, infrastructure upgrades, learner support programmes, and enrichment initiatives often depend on continuous fundraising — yet traditional fundraisers demand time, manpower, and energy that schools simply don't have.

SuperSchoolWorX introduces a modern alternative — a digital model that turns everyday spending into a new revenue stream for schools, with **no financial risk** and **minimal additional workload**.

The Challenge: Funding Gaps & Fundraising Fatigue

Schools rely heavily on events such as fun runs, raffles, fêtes, golf days, and other once-off activities. While valuable, they require:

- Significant coordination and volunteer involvement
- Financial and time commitments
- Increasing effort for decreasing returns

This leads to **burnout**, inconsistent results, and limited capacity to focus on what truly matters — education.

The SuperSchoolWorX Solution

SuperSchoolWorX provides schools with a **zero-risk, transaction-based fundraising mechanism**, powered by parents' everyday spending.

How It Works

1. **Parents register for free** and use a secure digital wallet for everyday purchases.
(We recognise this requires a behavioural shift — but once adopted, it becomes routine and simple.)
2. **Every qualifying purchase generates a cash-back amount** that is due to the school chosen by the parent.
The parent selects the school they support, and all their eligible transactions accumulate toward that school's monthly cash-back total.
3. **At the end of each month**, SuperSchoolWorX calculates the total cash-back earned by the school based on the activity of its participating parents.
4. The school receives its allocated cash-back, creating a **continuous, participation-based funding stream**.

There is no extra donation required from parents — simply directing their normal spending through the wallet allows their chosen school to benefit.

Why Schools Are Embracing SuperSchoolWorX

✓ Zero Cost, Zero Financial Risk

No setup fees. No monthly fees. No stock, sales, or capital outlay.
Your school earns from community participation — without spending a cent.

✓ Simple for Parents

Parents only need to pay using the digital wallet.
This is a behavioural change, but an easy one — and once familiar, it becomes second nature.

✓ A New, Ongoing Funding Stream

Although the level of income depends entirely on parent participation and spending, SuperSchoolWorX allows the school to benefit from transactions made throughout the year.

✓ Strengthens Community Engagement

Every purchase — big or small — contributes to the school's success, giving families a direct and meaningful way to support education.

✓ Minimal Additional Workload

The school will assist with communication and awareness, but the administrative demand is far lower than traditional fundraising activities.

✓ Modern and Forward-Thinking

SuperSchoolWorX aligns with digital payment innovation and positions your school as progressive and community-focused.

What This Funding Can Support

Schools are already planning to use SuperSchoolWorX income for:

- Classroom technology and smartboards
 - Sports and cultural equipment
 - Learner support and outreach programmes
 - Arts, music, and enrichment activities
 - Maintenance and facility improvements
 - Teacher development and training
-

The Bottom Line

SuperSchoolWorX is not a replacement for your fundraisers — it is a new, additional income stream that grows as your parent community adopts the digital wallet.

No cost.

No financial risk.

Minimal administrative burden.

A smarter, modern way to help your school generate more funding — one transaction at a time.

Next Steps

If you are exploring new, modern, low-admin funding opportunities for your school, SuperSchoolWorX may be an excellent fit.

I would be happy to meet with you (via Zoom or in person) to walk through:

- how the wallet works,
- what your school can expect, and
- how we can implement this with your parent community.

Please let me know a suitable date and time, and I will gladly arrange it.

Kind regards,
