

Welcome to the TINY KEY SOCIETY

You have discovered something rather special.

The Tiny Key Society is a growing collection of miniature paper-craft pieces, each unlocked with a unique collector key.

Your journey begins with Key No.001 – The Cottage Key.

Inside your first collection you will discover:

- The Cottage Key – Collector Plaque No.001
 - Miniature Market Sign
 - Miniature Tabletop Stall Sign
 - Miniature Paperwork
- A small hidden extra ... (for those who look closely)

Each key in the society unlocks a new miniature world.

To begin your collection, print your miniature sheets at 100% scale.

Carefully cut and assemble your pieces... and don't forget to keep
your key safe.

Your next key will be revealed soon.
