

**Welcome to the Live Launch Masterclass!**

Posted: Saturday, October 30, 2021

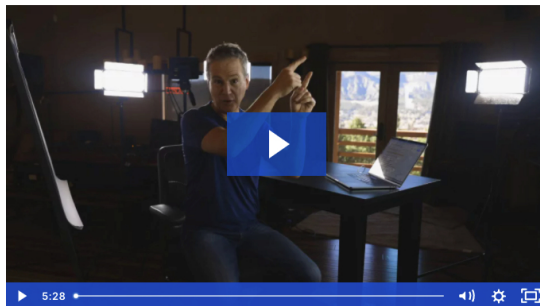

Welcome to the Launch Masterclass... here's what to expect in a super-quick three minute video:

What's a launch... and why should you care? A quick video on how and why to REALLY get results in your online business (even if you don't have one yet):

This is why the Launch Masterclass is unlike anything you've ever experienced (and a little bit about how to get the most from the Masterclass).

**IMPORTANT:** You can always see what's coming up in the box at the top right of the page. It's got the schedule for the remaining live lessons in the Launch Masterclass.

Each live lesson will be right here on this page, so don't forget to add it to your bookmarks. I'll send you email reminders before we go live, too.

This thing is going to be epic - I'm seeing just how far I can go with this "give away your best stuff for free" theory of business building... and I think you're really going to love it. See you soon!
