

7 June 2023

Hey there,

You are reading this PDF as you expressed interest in learning Affiliate Marketing from me. *I earn a full-time living through passive income thanks to my affiliate marketing efforts.*

And I plan on hosting a **5-day challenge** to teach people about **affiliate marketing**.

The cost for this is going to be \$50 once I have the whole thing ready to go. If you buy now, it will be \$20.

Since this is going to potentially have a live component or at least have pre-recorded training over 5 days, there is a lot to prepare for it.

Therefore, I wanted to pre-sell this challenge and hopefully get a few people who are going to commit to doing this challenge with me once it is ready.

I don't want to commit to a specific time/date yet since I am travelling and have a lot of other things going on, but I can safely tell you that my plan is to have this challenge fully ready to go before the 1st of August. As always, I promise to overdeliver.

Note that this will be a BETA challenge and so there might end up being a version 2.

When you pre-purchase this challenge now, today, you will get access to the first version and any future versions.

I will include all the details below on what the challenge is planned to include.

Note that the outline you will see below is DRAFT ONLY!

This is what I PLAN to create for the challenge, and this is subject to change as I develop the content. But you'll get a pretty good idea of what I am thinking.

Instead of paying \$50 when the challenge is live, I will only charge \$20 now. If you're interested, this is the link.

Thanks for supporting and committing your time and money in this exciting 5-day challenge.

## **FAQs:**

### **Are there any upsells?**

This is a pre-sell.

No upsells as part of this purchase.

I definitely have other products and services available but these are entirely optional and not necessary for purchase as part of this challenge.

### **Do you offer refunds?**

Since this is a pre-sell, I do not offer refunds.

If you think you might refund, please don't purchase.

No hard feelings.

### **Do I need to have any prior experience?**

No prior experience is required. This challenge will be created with beginners in mind.

### **Do I need a website?**

No, you do not need a website to get started although we will discuss the type of website you DO want to create and you will get additional guidance on that during the challenge.

## **Are there any hidden fees?**

There are no hidden fees. It's a 1-time payment of \$20 as a pre-sell of this challenge.

## **Are there any additional costs I need to be aware of?**

There will be at some point costs for software such as landing page software, email marketing software, etc. You can expect costs to be around \$200/year for that although I will share free options with you in case you are truly on a budget (i.e. ZERO dollars to invest).

## **What is the daily schedule for the challenge?**

There is no daily schedule set, but closer to the time I will share this with you. Although this challenge may be pre-recorded and you can listen and partake in your own time.

## **How many hours per day do I need to allocate for this?**

As this is a pre-sell, I am not sure yet but I would estimate you'll want to allocate 2-3 hours a day for this.

Note that if you can't, you can always break up the day and simply go at your own pace.

Everyone is different and that's totally fine.

## **Is there access to replays?**

Yes, you will have access to everything.

## **How long do I have access to the challenge?**

You will get lifetime access including any future versions or updates.
