## LANDING PAGE CHALLENGE TESTIMONIALS

Eran set up my Landing & Thank You pages. His preparation checklist was super clear, detailed and easy to follow. In communications, he was very patient which is exactly what I needed since I had no idea what I was doing. Thank you Eran, appreciate it very much.

If Eran were a Marvel character he would hands down be Quicksilver

He threw my landing page together like nobody's business!

Plus the tactical feedback on what else to do with the page was also soooo amazing.

It's rare to find someone who has the strategy, inspiration and the tech-slay-know-how.

You've got this trifecta combination with Eran and his offerings. Don't get me started on how for-real affordable his prices are!

Eran Bucai provided amazing service when I found myself with a last minute issue prior to a launch. Even though he was travelling, he was able to immediately connect me with his VA Peter who helped me with some complicated connections. Deep knowledge, patience with my lack of tech skills and a sense of humor was the exact combo I needed. Thank you so much!

This challenge has definitely pushed me to do the things that we're much needed (and that I was procrastinating on). THANK YOU Eran, and your team, for putting it all together, for helping me stretch and trust my abilities, and for all the support you've provided. In summary... it was intense, exciting and valuable

Eran helped me create the landing page, thank you page, and nurture email sequence. He's knowledgeable, and patient, makes complicated stuff look simple, and is the best communicator. Would recommend him to anyone, anytime. Thanks, Eran Bucai!
