YOUR NEW PATH TO FINANCIAL FREEDOM

Creating Generational Wealth For Legacies

REAL ESTATE INVESTING RE-DEFINED

Hands-Off
Investor

You've worked hard. You've saved your money.

Now let's make it work for you!

MULTIFAMILY INVESTING TRANSFORMED

This is an introduction to a new way to achieve true financial freedom and build a legacy for your family, no matter your background. This is for the hard-working, everyday person who dreams of more.

THE OLD WAYS OF INVESTING ARE COMPLICATED AND CONFUSING

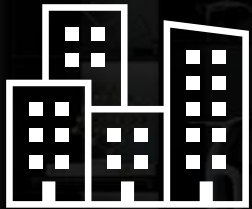

DOES REAL ESTATE INVESTING FEEL
LIKE A CLUB YOU'RE NOT INVITED TO?

For most people, trying to invest in real estate is a frustrating experience.

- **It's Expensive:** Buying even one property can feel out of reach.
- **It's Confusing:** You're buried in technical terms and complex paperwork.
- **It feels risky:** You're on your own, and one wrong move can cost you everything.

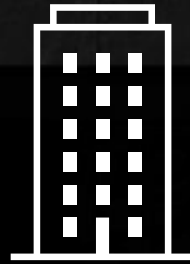

REAL ESTATE INVESTOR'S DILEMMA

REITS

- Zero Control
- Diluted Returns

SYNDICATIONS

- Passenger Status
- Forced Profit Splits

FLIPPING

- High Risk & Stress
- A Full-Time Job

RENTALS

- Incremental Gains
- Unpaid Property Manager

For decades, these have been the tools. All are compromises. All are inefficient. All are components of an old paradigm designed for incremental gains, not transformational wealth.

THE GENESIS OF A NEW BLUEPRINT

2008

FINANCIAL CRISIS

“I lost a multi-million-dollar real estate empire in the 2008 crash. In the wreckage, I deconstructed the flaws in the old system and spent the next decade designing a new wealth creation model. What I have created changes everything. It is the new blueprint for wealth creation!”

– ODELL ABDUR-RAHEEM
FOUNDER | CVO

THE NEW BLUEPRINT FOR OUR INVESTOR-PURCHASERS

➤ 100% OWNERSHIP

➤ 100% FINANCING

➤ 100% PASSIVE INCOME

➤ ASYMMETRIC RETURNS

A new model has been engineered. It's not an investment, but a new operating system for wealth creation. It takes the best parts of every old model—the ownership, the equity growth, the scale, the passive nature—and eliminates the worst.

WELCOME TO THE SCDC WEALTH MULTIPLIER™

WE DECONSTRUCTED THE OLD METHOD
AND BUILT A NEW PROPRIETARY ENGINE TO START YOUR FUTURE

At its core is a new proprietary financial engine. It combines our development efficiencies and a significant Developer Capital Contribution, to allow a small capital input to command a vastly disproportionate portfolio of institutional-grade assets.

This is the key that unlocks the vault, engineered to structurally separate asset acquisition from traditional high capital requirements.

Completely:

TURNKEY

HANDS-OFF

HASSLE-FREE

Our Pre-Sale Reservation program was modeled similarly to Tesla's roll out of their Model-3 vehicle in 2016, which sold over \$14 billion its first week. We label our sales model as RAAS (Real Estate As A Service).

THE NEXT BIG THING

WE CONTRIBUTE OUR OWN MONEY ALONGSIDE YOUR SMALL DEPOSIT,
GIVING YOU THE FINANCING POWER OF A MULTI-MILLIONAIRE.

This is our game-changing step, aligning your success with our own.

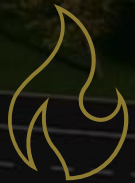

This "Developer Contribution" reduces the risk and makes lenders see you as a top-tier investor.

How we do it is our proprietary "secret sauce" to how we help you invest/purchase
a portfolio of multi-million-dollar properties that you couldn't otherwise finance
on your own without millions of dollars upfront capital directly from your own funds.

A FOUNDATION OF UNSHAKEABLE ASSETS

This financial engine is built on a foundation of apartment building 'fortresses' that are constructed using high-strength Insulated concrete panels which are engineered to be resistant to hurricanes, tornados, earthquakes, fires, floods, pests...and are also net-zero energy solar power plants. These amenity rich, luxury apartment homes are fully furnished and staged like a 5-star luxury hotel.
