ABOUT US

Visionary Lifestyle was founded in 2007 and is led by entrepreneur and holistic wellness expert Magdalena Rod. She has over 18 years of experience promoting health and well-being through various modalities including yoga, nutrition and energy healing.

Magdalena introduces Enagic's innovative health solutions, including cutting-edge water technology and other wellness products, which naturally empower individuals to enhance their health and lifestyle.

She is equally passionate about Enagic's business model and true health philosophy of physical, financial and mental health.

OUR VALUES

Complete Well-Being. Inner Freedom. Abundant Health.

VISION

A world where optimal health and well-being are accessible to all.

We envision a future where people thrive through holistic wellness, empowered by innovative health solutions that enhance vitality and longevity.

MISSION

We aspire to promote well-being by providing cutting-edge health technologies that support a vibrant, balanced lifestyle. Through Enagic's innovative products, we aim to empower individuals to take control of their health naturally.

WHO IS ENAGIC? WHAT IS KANGEN WATER?

Since 1974, the Japanese company, Enagic International, has been considered the leader in innovation & production of medical grade water ionisers.

Enagic's philosophy "Change Your Water, Change Your Life" centers around realising true mental, physical & financial health.

Kangen Water is electrolysed-reduced ionised water created by a certified medical-grade ionizer machine.

WHY WE LOVE ENAGIC

The human body is 70% +water, Enagic's philosophy believes "the basis of vitality and long life is water."

For over 50 years, Enagic International has been the leader in manufacturing water ionization systems that transform regular tap water into pure, filtered, electrolysed-reduced and hydrogen-rich drinking water.

Enagic machines are 100% hand constructed in Japan and shipped worldwide via 40 offices in 23 locations. Thousands of people are experiencing the benefits these revolutionary products bring to their health, homes and businesses.

Enagic has also introduced additional products that support true health.

Investing in Enagic gives you lifetime global distribution rights to a patented direct sales business (DSA certified) with uncapped income potential..

NOT ALL WATER IS CREATED EQUAL

Our filtered, electrolysed-reduced water, full of rich hydrogen, free radical scavengers + antioxidants, nourishes the human body like nothing else.

Save the planet by reducing plastic waste + chemicals in your place of business, home, waterways + the ocean.

Save thousands by replacing harmful cleaners + chemicals with non toxic acidic + alkalized waters from Enagic machines.

Create a lucrative income stream by adding these products into your home and business plan.

SPRING WATER: NOT AS PURE AS IT APPEARS

Spring water may seem like a healthy choice but it often harbors hidden dangers. Without thorough purification, it can contain contaminants like heavy metals, PFAS, and chlorine, which can pose long-term health risks. Additionally, as an open water source, it's susceptible to harmful bacteria, viruses, and protozoa, including E. coli and Giardia.

RAINWATER: NOT AS PURE AND NATURAL AS IT SEEMS

Often acidic and can carry pollutants picked up from the atmosphere, including heavy metals, chemicals, and harmful microorganisms.

FILTERED WATER: A PARTIAL SOLUTION

Common home filters remove some contaminants but may leave behind harmful substances like heavy metals or THMs. Filters also don't restore beneficial minerals, leaving water less than ideal for optimal health.

REVERSE OSMOSIS WATER: WHAT'S MISSING?

Removes impurities but also strips beneficial minerals, leaving the water slightly acidic and lacking taste. May discourage adequate hydration due to its flat taste. Has a very wasteful process that flushes water down the drain.

BOTTLED WATER: CONVENIENCE AT A COST?

93% of bottled water tested contains microplastic particles. These tiny plastics when ingested are known to cause serious disruption to the endocrine system by blocking hormones from attaching to their receptor sites. Also adds to environmental waste and often lacks proper mineral content for long-term health.

DISTILLED WATER: PURITY OR PITFALL?

Stripped of essential minerals like calcium and magnesium, leading to deficiencies. Slightly acidic, which may disrupt your body's pH balance.

Our water supply is often laden with a cocktail of **harmful substances**. Some of the most concerning hidden dangers found in our water systems are:

- **CHEMICALS & DRUGS**
- **ANTIBIOTICS**
- **HORMONES**
- **ODORS & SEDIMENT**
- **PAINKILLERS**
- **RUST**
- **CHLORINE**
- **FLUORIDE**
- **HEAVY METALS**
- **LEAD**
- **MERCURY**
- **ARSENIC**
- **CARCINOGENS**

These hidden elements form harmful byproducts that may increase the risk of disease, reproductive health issues, and even certain cancers when consumed for long periods. The likes of chlorine can disrupt gut health by altering the balance of beneficial bacteria, leading to digestive problems, respiratory issues and skin irritations.

We also take in nearly a liter of chlorinated water through our skin during every 15 minutes of showering. This is not supportive of health.

- **Nanoplastics are invading human cells, carrying toxic chemicals and posing a serious threat to our health.** Experts warn that nano plastics are the most dangerous form of plastic pollution, capable of invading human cells and depositing toxic chemicals like bisphenols, PFAS, and heavy metals. Found in the placenta, lungs, blood, and feces, these particles disrupt cellular functions and pose a serious health risk.
- **We're underestimating the PFAS threat, with much of our global water supply above safe levels.** PFAS, or 'forever chemicals,' are present in everyday items like cookware and cosmetics. They don't degrade in the environment or our bodies, leading to persistent contamination. A recent study shows that much of our groundwater exceeds safe PFAS levels, highlighting a growing health and environmental risk that calls for stricter monitoring and regulation.
- **Did you know approx 200 million metric tons of plastic ends up in our ocean?** As plastics break down, they release toxic chemicals, contaminating marine food chains and ultimately threatening human health. The impact extends beyond wildlife, affecting coastal economies, damaging coral reefs, and polluting our beaches. The future of our oceans and our own well-being depends on urgent action to curb this plastic pandemic.

KANGEN K8 MACHINE

HIGHER ANTIOXIDANT POWER

The mighty K8 is a mighty antioxidant producer! The K8 water ionizer generates a continuous stream of 5 versatile types of water to meet all your versatile commercial needs:

Strong Kangen Water, Kangen Water, Neutral Water, Beauty Water, and Strong Acidic Water.

8 TITANIUM PLATES

The K8 features an extra platinum-coated titanium plate, improving water ionization and antioxidant production. It's perfect for small businesses and families, with a 5-year warranty and an average lifespan of 15-25 years. Some have lasted 40 years.

FULL COLOR LCD PANEL & TRAVEL FRIENDLY

The K8 is user-friendly, with a large full-color LCD panel and clear voice prompts. With just a touch of a button, you can access any of the 5 waters, and the machine confirms your selection in 8 languages.

It has an internal power converter that works worldwide regardless of voltage.

ANESPA SPA SHOWER

Create a soothing hot spring experience with the ANESPA DX! With an abundant flow of mineralized water, you can instantly turn any bath or shower into a calming hot spring oasis using the massage shower head and/or bath hose. Creates a passive ionic charge and the exclusive tufa minerals have demonstrated to be effective in helping treat thyroid issues, skin cancer, eczema, psoriasis, acne, rashes, etc.

REMOVES HARMFUL SUBSTANCES

The Anespa DX's advanced filtration system removes chlorine and bacteria, protecting your skin and overall health from harmful chemicals in tap water.

MINERAL ION WATER

Contains a blend of natural hot spring ingredients and minerals, giving you the feeling that you're enjoying a pleasant hot spring and taking advantage of the mineral ion water. Relax and enjoy!

The Anespa DX comes with a 3-year manufacturers warranty (conditions apply).

ANESPA: SAFER WATER FOR EVERYONE

EXTERNAL FILTER

This filters out harmful components of the water such as chlorine, trihalomethanes, phenols, sediment, organic waste, odor, sediment and taste. This is done by the use of a multistage activated carbon filter that contains antibacterial granular activated carbon and Calcium Sulphite.

NEODYMIUM MAGNET

This high quality magnet decomposes the water molecules making smaller clusters that activate the water and change the water to slightly stimulated water. At that time it helps the water to better absorb minerals.

CERAMIC CARTRIDGE

This cartridge has a layer of ceramic filling. The layer of ceramic filling is close to 3 times thicker than other products on the market. Ceramic balls of both Futumata Radium Hot spring and Chikutan are fully filled in a single cartridge.

TUFA

A mineral stone taken from the Futamata Radium Hot spring in Hokkaido, Japan. This stone gives the water the same gentle and soothing effect of a hot spring!

MICA STONE

Generates activated mildly alkaline water that is amazing for the skin.

POWER STONE

Generates strong negative-ions.

UKON TURMERIC

THE SECRET INGREDIENT

Ukon (Wild turmeric) has been recognized for centuries as a natural healer. It has been used as an analgesic, antibacterial, anti-inflammatory, antioxidant for over 6000 years.

The area where Enagic's Kangen Ukon is grown - often referred to as "nature's treasure", is completely free of harmful chemicals normally used in conventional turmeric farming. Ukon is such a powerful part of the Enagic health & business system. It is available in tablet supplement or soap bar form.

Our formulation is 90%+ bioavailable, and individually packaged to prevent oxidation and ensure maximum benefit.

Disclaimer: Please consult your doctor before making health changes or have any existing conditions, including pregnancy.

EMGUARDE

Constant exposure to **electromagnetic fields (EMFs)** from devices like smartphones, Wi-Fi routers, and household appliances can disrupt sleep, cause fatigue, and lead to brain fog.

Prolonged exposure has also been linked to increased stress, heart issues, anxiety, and weakened immunity, with children, pregnant women, and those with chronic health conditions being particularly vulnerable.

To reduce these harmful effects, **emGuarde** offers a protective barrier that **neutralizes EMFs**, promoting better sleep, reduced stress, and more energy. With its portability, emGuarde ensures continuous EMF protection wherever you go, safeguarding your health and well-being.

THE BENEFITS

HYDRATION AND DRINKABILITY

Medical grade ionized alkaline water offers superior hydration with better taste and a smoother mouth-feel, making it more easily absorbed by the body. It helps reduce the bloating often felt when drinking the recommended 8 glasses per day, and many people notice the difference in taste and comfort.

FREE RADICAL SCAVENGING

This medical grade water acts as an antioxidant, helping to protect and support the health of your organs by neutralizing free radicals.

ENCOURAGING LONGEVITY

Alkalized water enhances the body's natural wellness and longevity benefits, promoting a more harmonious state that supports overall health.

DETOXIFICATION

With its negative oxidation-reduction potential (ORP), ionized alkaline water like Kangen Water helps flush toxins from your body, providing essential hydration and supporting detoxification.

PROTOCOLS & USES

Confessions of
a Skeptical Physician

"...the great majority of body ailments and diseases originate in an acidic and dirty colon. Water is essential for your health. Drinking "good water;" especially hard water which has much calcium and magnesium keeps your body at an optima alkaline pH."

Dr. Hiromi Shinya, leading endocrinologist, clinical professor of surgery, head of the endoscopic center at Beth Israel Medical Center

"Kangen Water™ has been providing my clients with a strong source of antioxidants and improved hydration. In our brain programs we observed that our therapeutic expectations have been significantly exceeded by adding Kangen Water™ to the treatment plan"

Dr. Corinne Allen, researcher & practitioner in natural health & nutrition

"I endorse Kangen Water as a physician, as a surgeon, as a human being, 100%. I feel that it is of great benefit to all mankind. ..."

I can only recommend it in the highest way."

Dr. Horst Filtzer, Vascular Surgeon

"Months of testing and research have led me to the discovery that drinking Kangen Water™ is the most effective tool I have found to quickly, easily, and economically reduce cellular oxidation and achieve a more alkaline pH in the body."

Dr. Peggy Parker, Naturopathic Physician, Biological Medicine

"When healthy, your body has sufficient alkaline reserves to balance it self—and naturally resists disease. The easiest way to help your body to be more alkaline is to drink alkaline water"

Dr. Robert Young, Cellular Nutritionist, MS, D.Sc., Ph.D., N.D

"In my experience, Kangen Water™ supercharges your nutritional program better than anything. Water is the key and this [Enagic® Kangen™ Water] is the best water I know of. Anyone who gives it an honest try will experience it in their own health without question"

ENVIRONMENTAL IMPACT

As stewards of the earth we must be a part of the solution to the growing plastic bottle epidemic by REDUCING our consumption.

Some Key Facts:

- 1 million plastic bottle are bought every MINUTE.
- Plastic takes more than 450 years to decompose
- Less than 10% of the plastic used around the world is recycled
- 12 million tons of plastic are poured into the ocean every year
- The key to turning the tides lays in REDUCING.
