About QNT, Assi Rose Methods

QNT (Quick Notation Technique) is designed for a fast and intuitive learning experience, delivering immediate results—even for those who have yet to read standard music notation.

- Rhythm patterns help you maintain a steady beat.
- Chord charts support composition and improvisation studies.
- Left-hand and right-hand fingering suggestions improve finger technique.

Right hand note names:

Do = Standard note of 'Do' (also known as C)

$\bar{\text{Do}}$ = (With line above) higher Octave note of 'Do'

$\underline{\text{Si}}$ = (With line below) lower Octave note of 'Si'

Left hand chart:

The left-hand notations show the most basic form of the bass and chord combinations, with the chord name indicated.

For best results, play as shown.

For more advanced techniques, follow our courses on our website, where you can learn how to create new accompaniments.

The QNT system is easy to read and visually clear. Its neat layout of musical lines and chord progressions helps you grasp the song's structure, aiding both memorization and improvisation.

If it's your first time seeing the Do-Re-Mi symbols, here's how they correspond to the ABC notation:

Do = C, Re = D, Mi = E, Fa = F, Sol = G, La = A, Si = B.

Wishing you a joyful, smooth, and fast learning experience!
