

GOLDILOCKS and THREE BEARS

THE CARNIVAL ADVENTURE

Goldilocks loved visiting new places. Today, the carnival was bursting with colors, music, and happy shouts! She felt so excited, like a little firework ready to pop!

Suddenly, she heard a big, rumbling laugh! "Hello there!" said Papa Bear, holding a giant bucket of popcorn. "Are you here for fun too?" Goldilocks smiled shyly.

Then, Mama Bear, with a kind smile, offered Goldilocks a sweet, pink cotton candy. "It's yummy!" she said. Goldilocks felt a warm feeling inside. Being kind makes everyone feel good!

Baby Bear, who was a little bit shy, held out his own blue cotton candy. Goldilocks giggled. They decided to explore the carnival together! It's fun to make new friends.

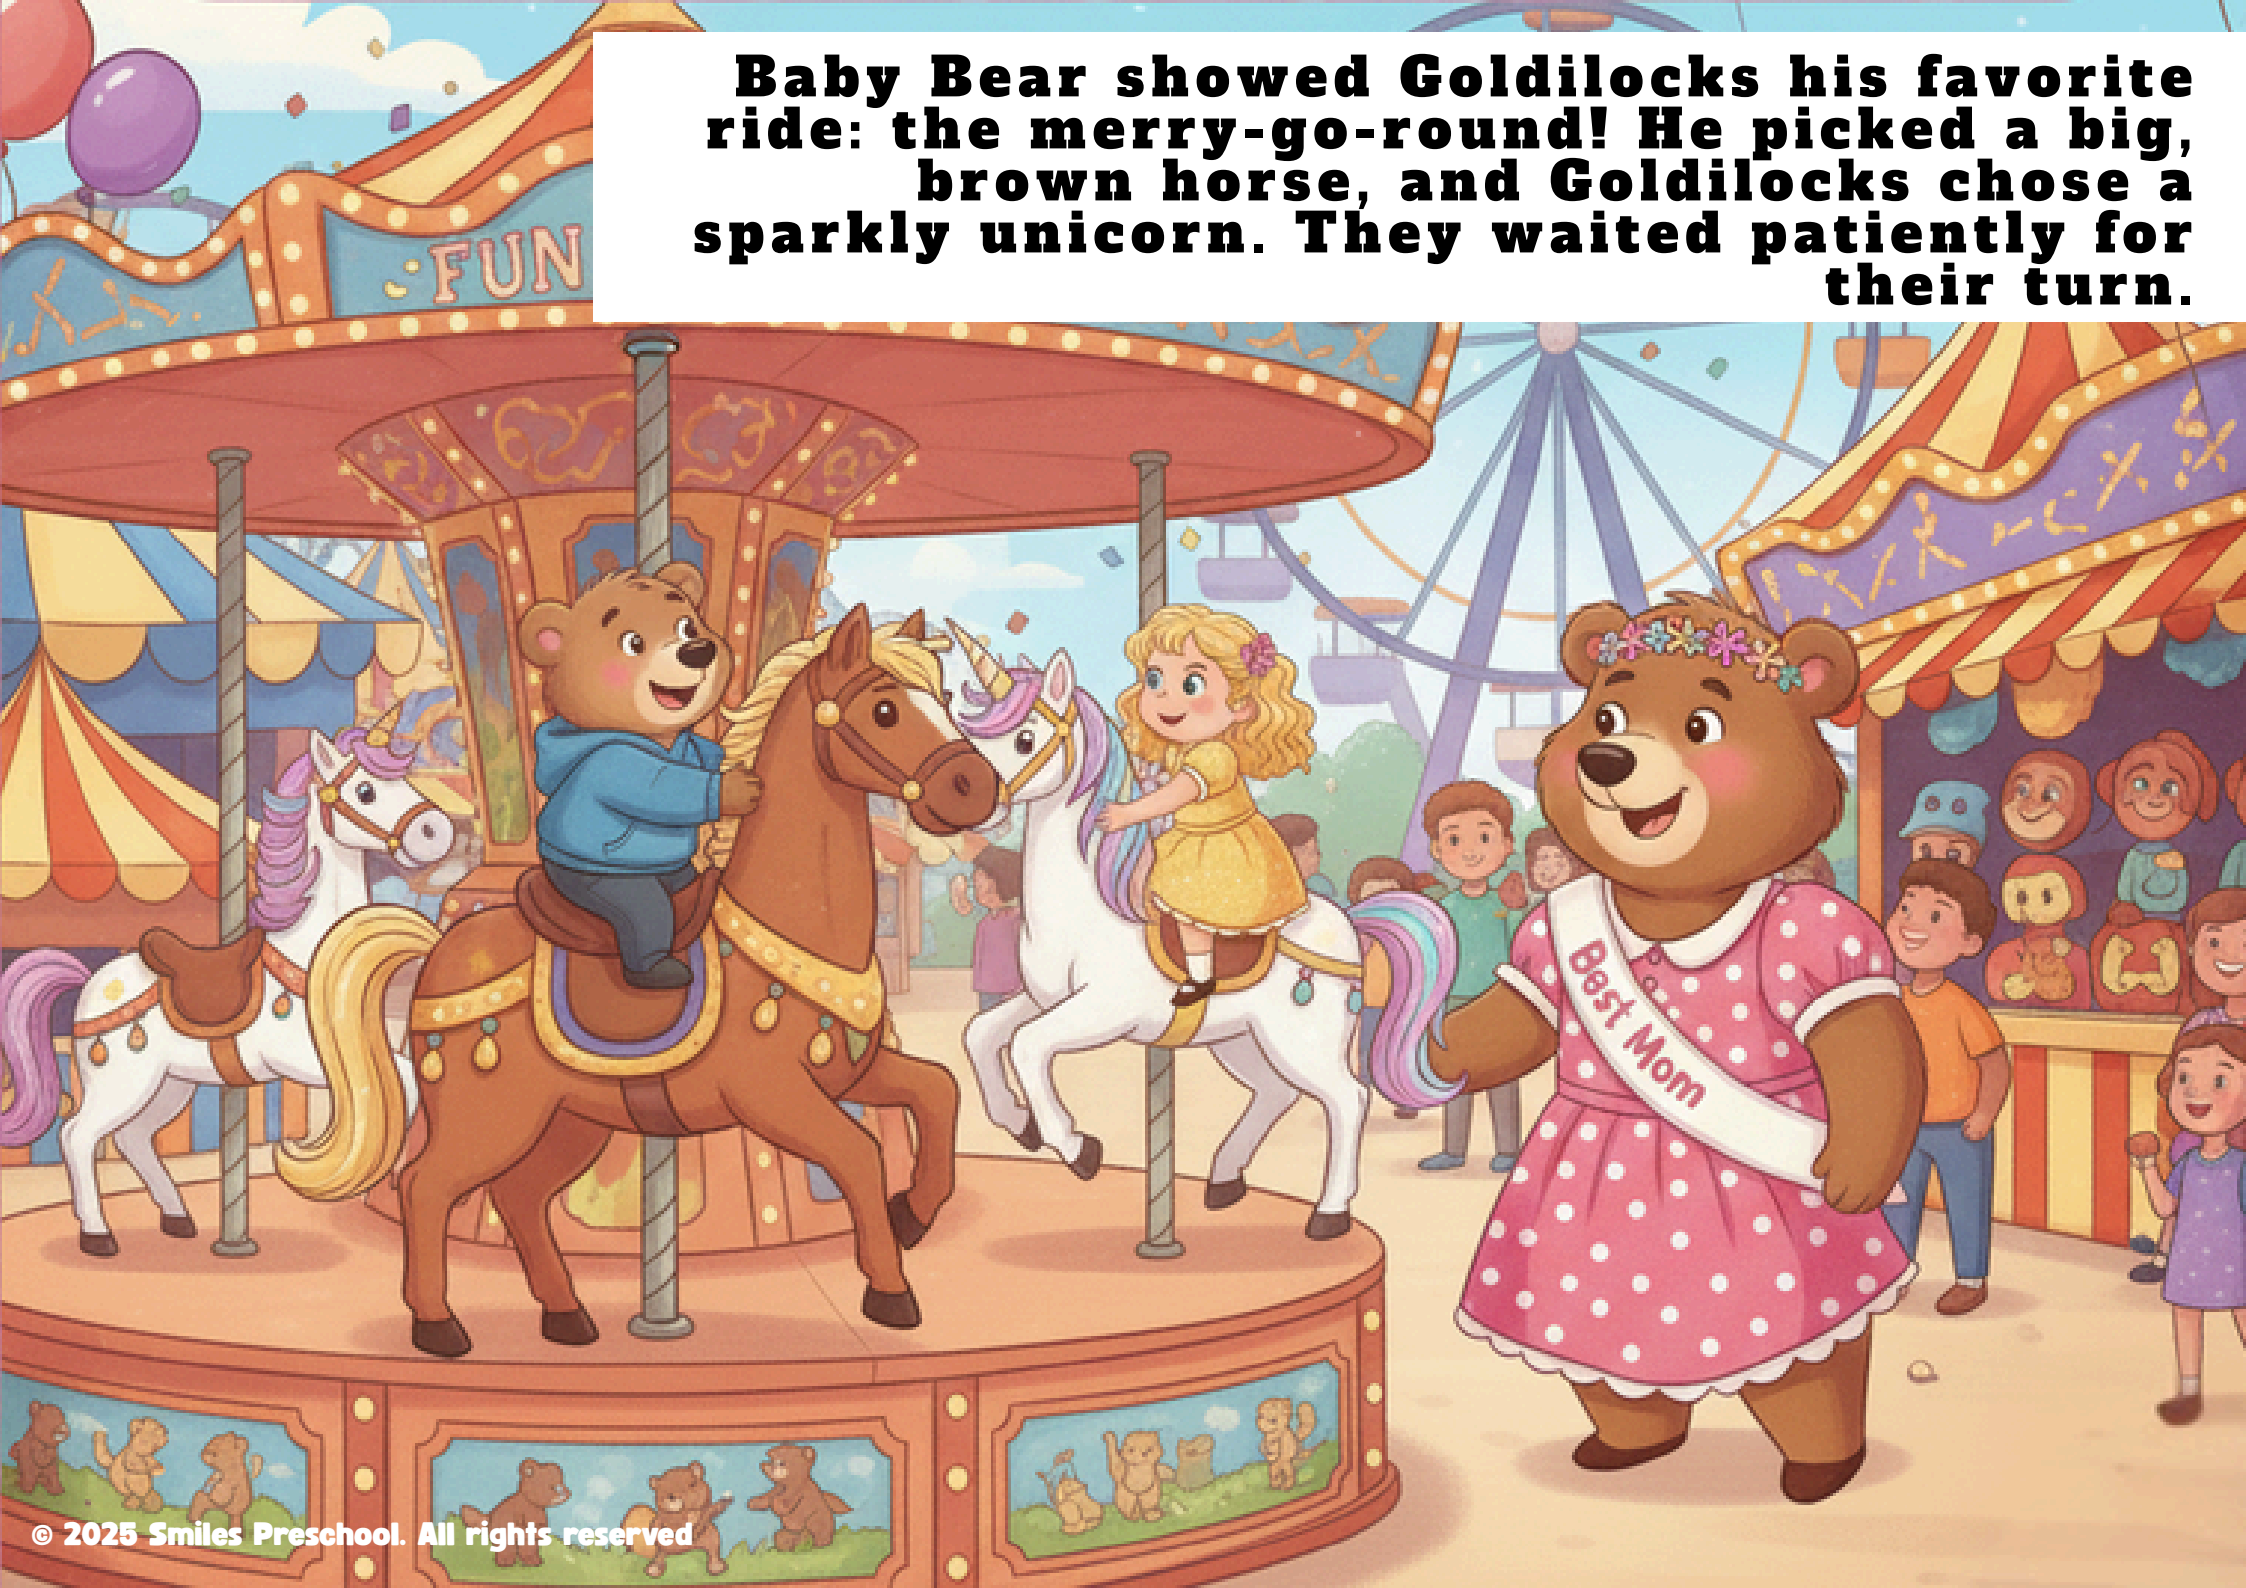

**First, they saw the spinning teacups!
Goldilocks and Baby Bear wanted to spin as fast as they
could. Papa Bear helped them get in safely. Being safe is
important!**

Next, they played a game to toss rings onto bottles. Goldilocks tried her best, but the rings kept missing! She felt a little frustrated, but Mama Bear said, "It's okay, trying is what matters most!"

Baby Bear showed Goldilocks his favorite ride: the merry-go-round! He picked a big, brown horse, and Goldilocks chose a sparkly unicorn. They waited patiently for their turn.

After the ride, Baby Bear wanted a prize from the claw machine. He felt sad when he couldn't grab the toy. Goldilocks said, "It's okay to feel sad. Let's try together!" Sharing a feeling helps.

Papa Bear saw they were both trying so hard! He suggested, "Maybe we can work as a team!" Goldilocks and Baby Bear took turns telling Papa Bear when to drop the claw. Working together makes things easier!

**YES! They won a big, fluffy unicorn!
Goldilocks and Baby Bear hugged with
happiness. They learned that spending time
with friends and sharing feelings is the best
prize of all!**

The End
