# Chapter 1: The Dream of Dancing

Cindy loved to dance, but her shoes were old.

She worked in a small shop that fixed broken gadgets.

Her stepmother made  
her clean every day.

Her stepsisters had  
shiny shoes that  
glowed and blinked  
with lights.

"You can't dance with those," they laughed.

Cindy sighed, not letting their words upset her.

At night, she  
looked at her  
broken sneakers.

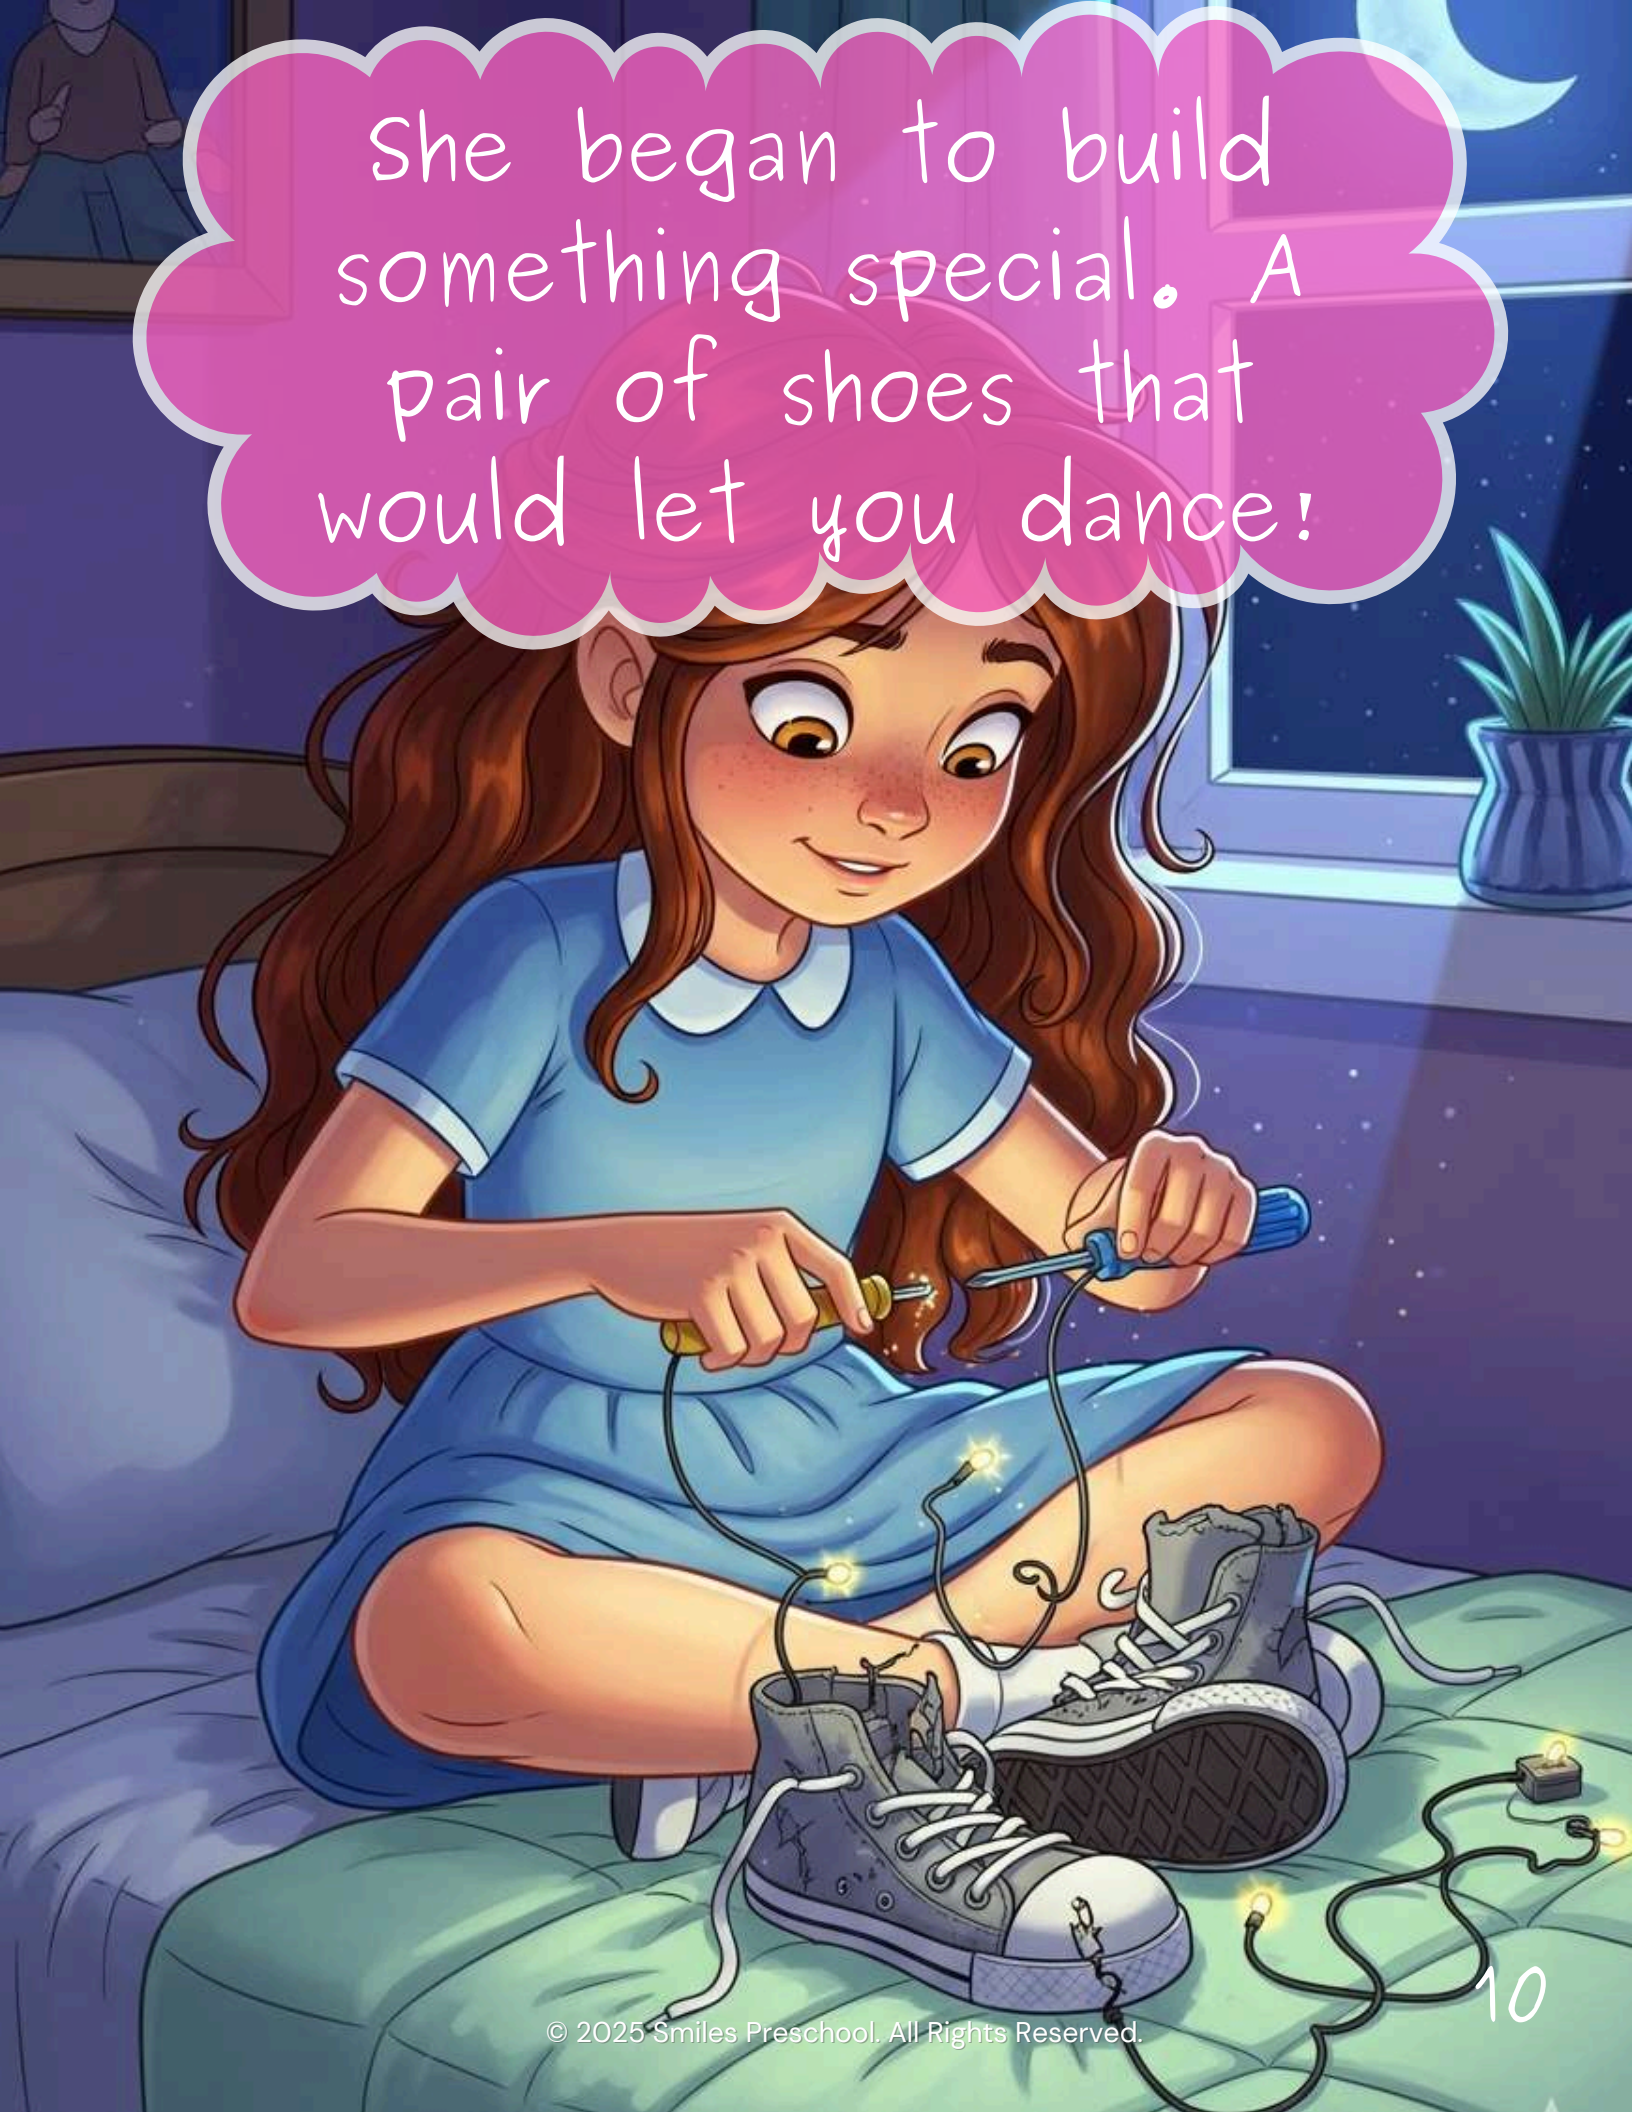

"I wish I could make new shoes," she said.

she found old  
wires and tiny  
lights.

She began to build something special. A pair of shoes that would let you dance!

The shoes blinked  
with colors blue,  
pink, gold!

"They'll be ready for the big dance!" she whispered.

Cindy's stepsisters  
left in fancy  
clothes.

"Maybe I can go,  
just for a peek,"  
she said.

She put on her  
smart shoes.

At the palace,  
everyone watched  
her dance.

The prince smiled.  
"Who made those  
shoes?"

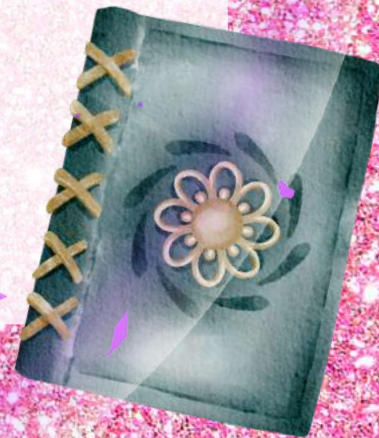

??

But then her battery  
beeped! She quickly  
ran away.

"I'm looking for the one who built this," he said.

He brought a glowing shoe he had found.

Her stepmother and sisters were shocked.

"You made that?"  
they asked.

"Yes," said Cindy,  
smiling proudly.

to design smart  
shoes for everyone.

SMART STEPS

Her new sign read:  
Cindy's Smart Steps.

She hired kind  
helpers and danced  
every day.

Cindy would always  
take a moment to  
dance with her shoes.

# CINDERELLA SMART STEPS WORKSHOP

One day, her stepsisters came and asked, "Do you need a shoe shiner?"

Cindy gave her  
stepsisters a job.

Lira accidentally  
greeted a Duchess  
with a frown.

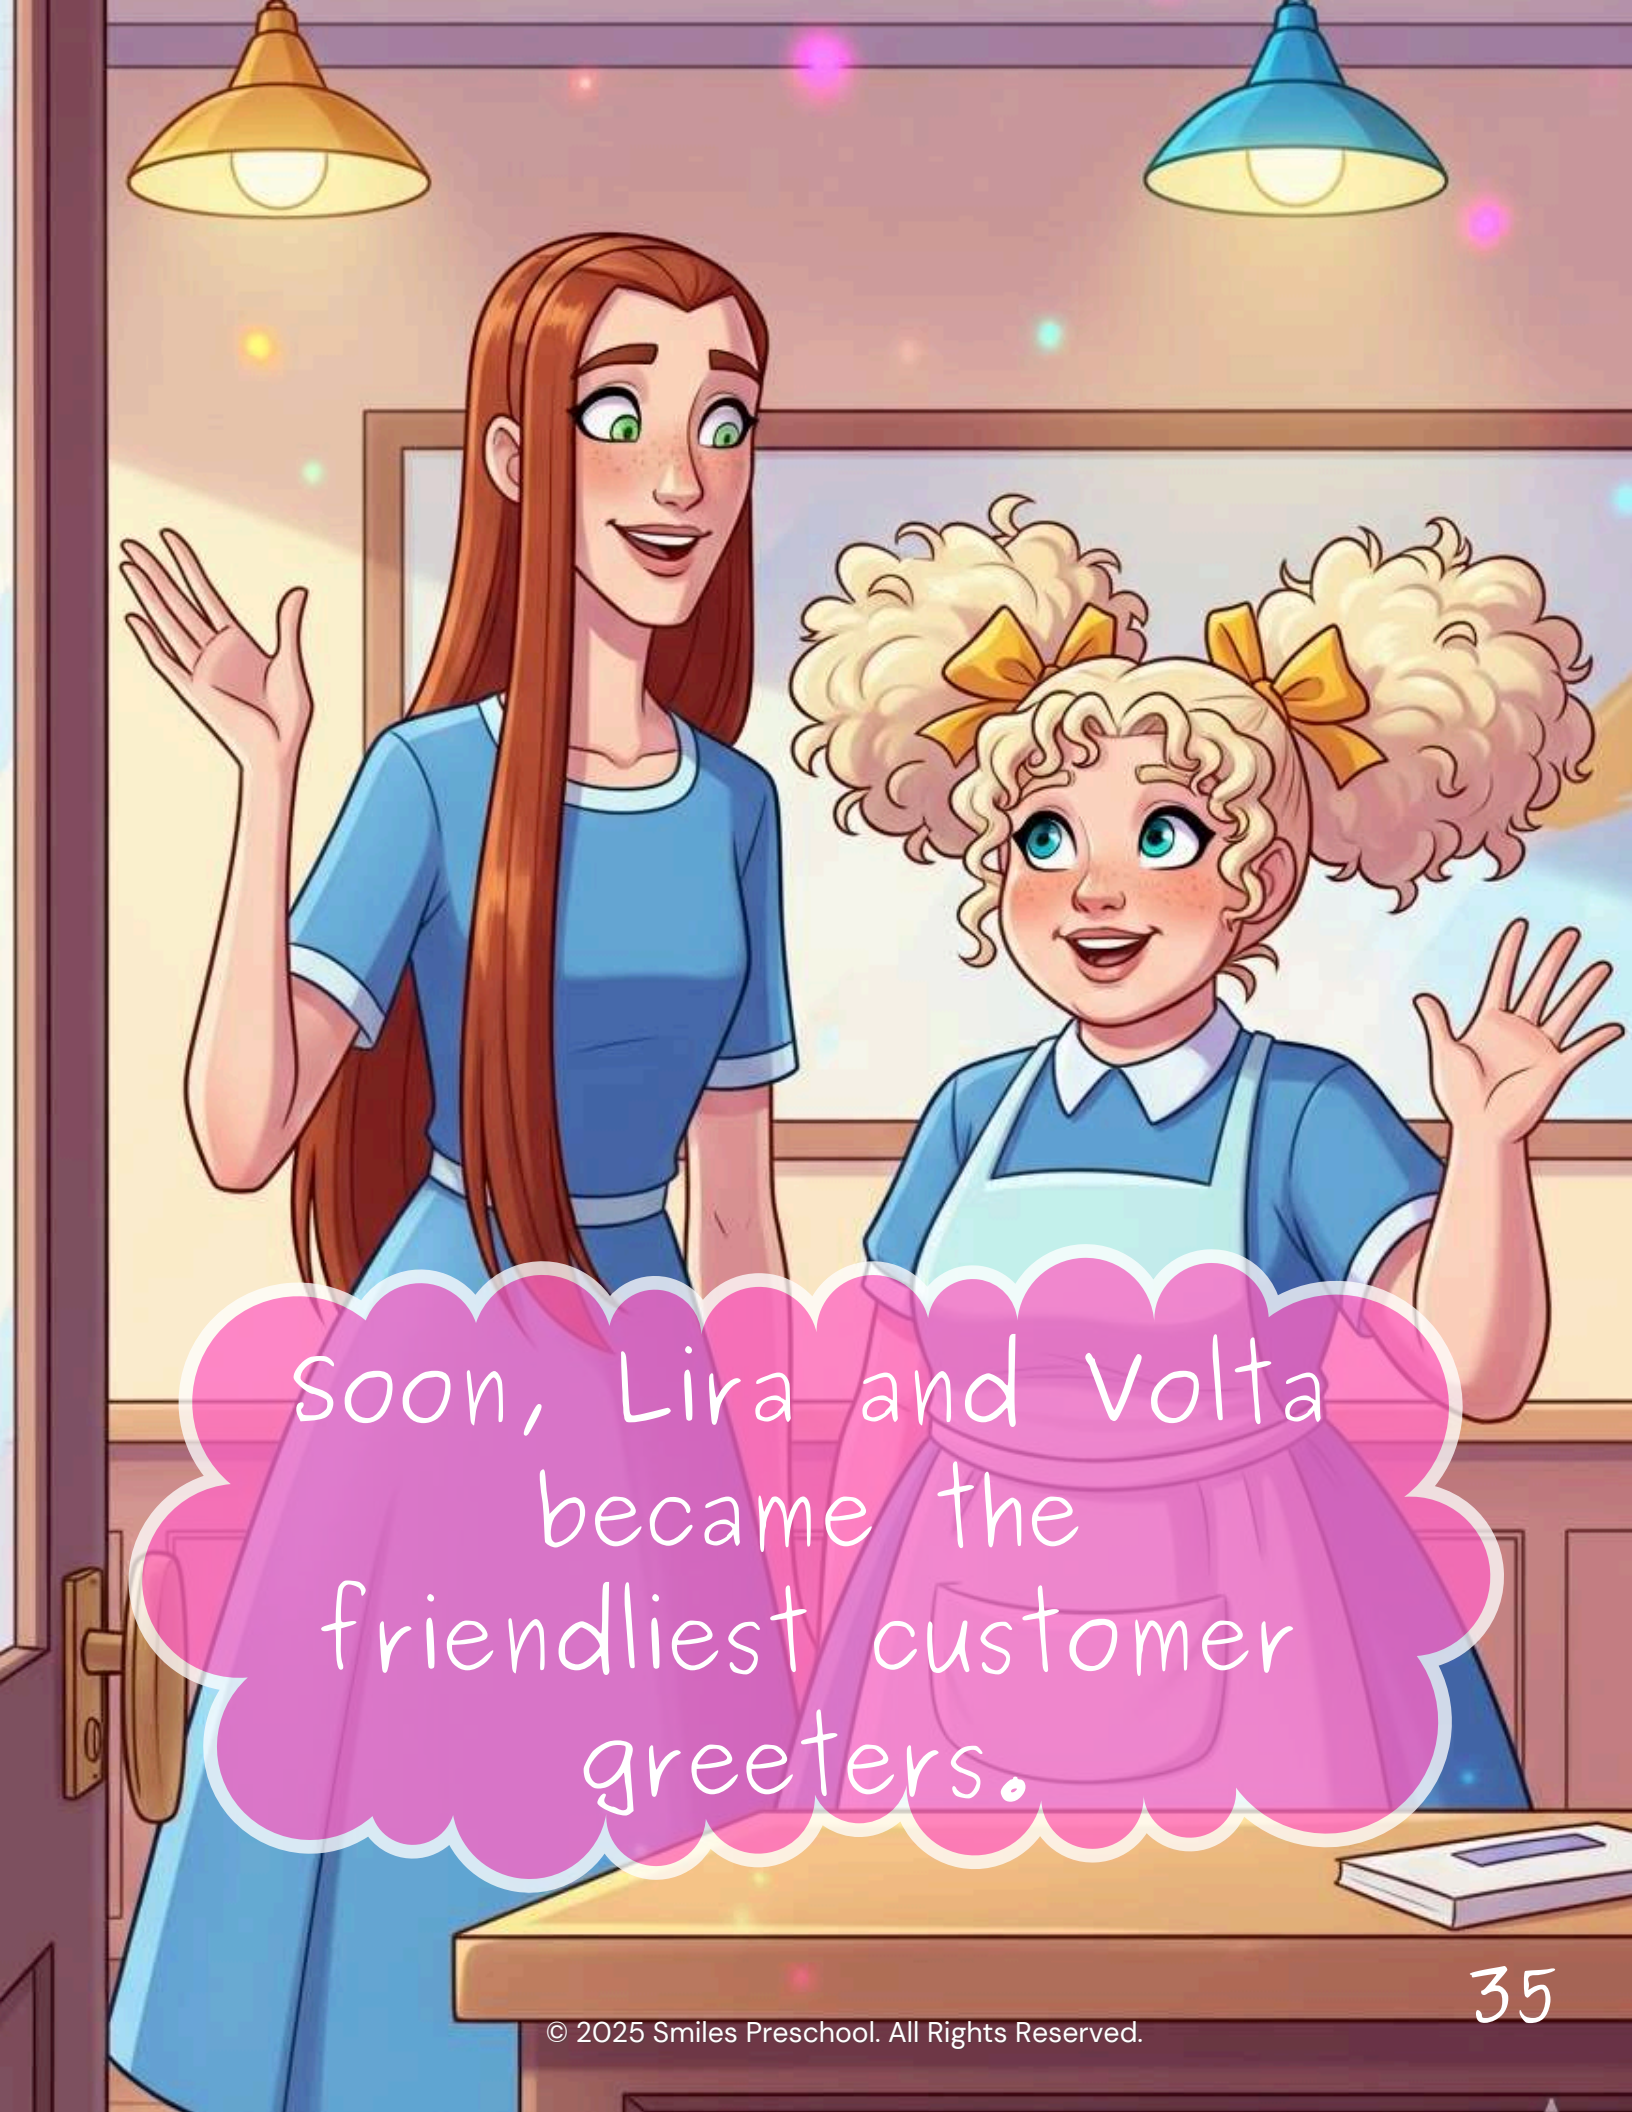

Cindy showed Lira  
how to fix a  
customer's problem.

Volta struggled too  
and slipped on the  
workshop floor!

Lex giggled and bought Volta a new pair of smart shoes.

Soon, Lira and Volta became the friendliest customer greeters.

Prince Leo often visited the shop to test new smart shoes.

WE  
CAN  
DO  
THIS!

Cindy's shoes became  
so popular that many  
orders came in.

Everyone worked late  
and very hard until  
their fingers were  
tired.

Finally, the last step  
was to box up the  
smart shoes.

The smart shoes were delivered to the Royal Guard, and they marched perfectly.

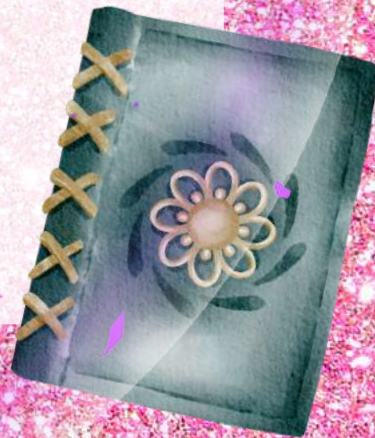

Cindy and Prince  
Leo went for a  
quiet walk.

They were a perfect pair, the prince and the smart designer.
