BELLA AND TWO YELLOW SQUARE BUNNIES

A story about kindness and helping others

A story about kindness and helping others.

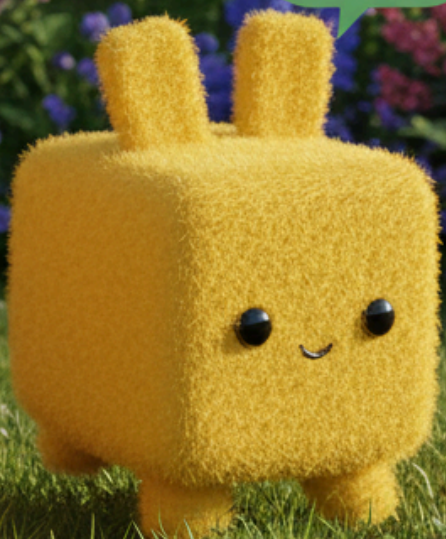

Meet Bella, a bright little girl who loves building with her yellow square blocks. She always smiles when she makes something new!

One sunny day, two bunnies hopped into her garden.
They were soft, yellow, and shaped like little squares!
"Hi, I'm Benny!" said one. "And I'm Bonnie!" said the other.

Hi, I'm
Benny!

And I'm
Bonnie!

A scene from an animated story set in a sun-dappled forest. On the left, a large, circular burrow made of sticks and twigs is partially collapsed. Three rabbits are standing in front of it. The rabbit on the left is brown with a blue bandana and a surprised expression. The middle rabbit is orange with a pink bow and is holding a map. The rabbit on the right is white and is holding a drawing of a house. Two speech bubbles contain text explaining their situation.

“Our burrow broke”, said Bonnie.
“We need a new home!”

“Bella wanted to help—
but she wasn't sure how to
build a bunny house.

Bella looked at her two yellow square blocks and smiled. "I can help!" she said. "Let's build a cozy bunny house together."

I can help!
Let's build a cozy bunny house together.

They stacked the yellow squares one on top of the other.

Bonnie gathered twigs. Benny found soft leaves.
Together, they worked hard to build something
strong and bright!

When they finished, the bunnies
hopped inside their new home.

“It’s perfect!” said Benny.

“You’re the best helper ever, Bella!”
said Bonnie.

HELPING OTHERS MAKES
EVERYONE SMILE – EVEN YOU!
