

# Cody and the Three Green Star Cows

*A story about being brave and trying new things*

Meet Cody, a cheerful little boy who loves the color green.

He collects shiny star-shaped stickers and puts them on everything he owns!

One afternoon, Cody saw something amazing in the meadow —  
Three cows with green star spots on their sides!  
They were dancing happily under the sun.

A vibrant, cartoon-style illustration of three fluffy green cows with pink noses and small horns, standing in a sunlit field of green grass and purple flowers. They are looking towards a small boy with brown hair, wearing a plaid shirt and blue jeans, who is looking down with a nervous expression. The background shows rolling green hills under a soft, golden sky.

COME DANCE WITH US, CODY!

I DON'T KNOW I TO DANCE.  
WHAT IF I LOOK SILLY?

The image features three green, star-shaped bull-like characters standing on a green and yellow checkered floor. The character on the left is in a simple pose. The middle character wears large black headphones. The character on the right is dressed as a cheerleader in a white and orange outfit with two yellow pom-poms. In the background, there are stylized green and yellow hills, white clouds, and a large golden vinyl record floating in a blue sky with concentric circles. Three white speech bubbles contain text above the characters.

**Just move  
your feet!**

**Just follow  
the beat!**

**You can do  
it, Cody!**

Cody took a deep breath.  
He wiggled his toes, tapped his feet, and spun in a circle.  
The cows cheered, "You did it!"

YOU DID IT!

Soon, all four friends danced together —  
One boy and three green star cows, twirling  
and laughing in the sunshine.  
Cody's shyness faded away.

# CODY AND THE THREE GREEN COWS

*Being brave means trying, even when you're scared.  
And sometimes, bravery brings the most fun of all!*

If you felt shy about trying something new,  
What would you do? Would you be brave like Cody?
