**Dino loved his Digital
Playground. It was bright,
bouncy, and full of fun
games!**

A vibrant, futuristic playground at night. In the center, a friendly-looking green dinosaur with large eyes and a small smile stands holding a tablet. The tablet screen displays colorful lines of code. To the left, two swings hang from a metal frame, their seats glowing with cyan and pink light. To the right, a colorful play structure with slides is visible. The background features trees with glowing, pixelated foliage in shades of purple, blue, and yellow. The ground is wet and reflects the colorful lights, creating a magical atmosphere.

**With a tap of his claw, slides
appeared, swings spun, and
music played!**

“Wheee!” shouted Dino. “I can play forever!”

A vibrant digital playground scene. In the center, a green cartoon dinosaur with a white belly and a happy expression holds a glowing blue tablet. The playground is filled with colorful, pixelated trees and slides. The slides are made of translucent, multi-colored segments (blue, green, yellow, red, purple) and spiral around wooden poles. The ground is a checkered pattern of colorful squares. The background is a soft, colorful sky transitioning from orange to purple, suggesting a sunset or sunrise. The overall atmosphere is bright and cheerful.

**Every day, Dino played in the Digital
Playground after breakfast, lunch, and
snack time!**

**One day, he invited his friends.
“Come play with me online!”**

They played tag, jumping from screen to screen. “Catch me if you can!” giggled Bunny.

**But suddenly —
ZZZTTT! — the screen
went dark!**

“Oh no!” cried Dino. “Where did my playground go?”

**“It looks like the power’s out,”
said Foxy. “No Wi-Fi!”**

Dino sighed. “Now we can’t play!”

**Birdie fluttered her wings. “Sure, we can!
Look — there’s a real playground
outside!”**

**Dino peeked out. The sun was shining
and the breeze was warm.**

**“Let’s go!” cheered Bunny,
hopping ahead.**

At the park, Dino climbed the slide — it was shiny and smooth!

“Tag, you’re it!” laughed Foxy, running across the grass.

A vibrant, cartoon-style illustration of a park scene. In the center, a large green dinosaur with a white belly and a small white fang stands on a rainbow-colored path, holding a tablet that displays a map. To the left, a purple fox and a brown fox are clapping. To the right, a yellow cat and a brown bear are also clapping. Above the dinosaur, a small blue bird is flying. The background features stylized trees with colorful foliage (purple, orange, green) and a playground with slides and swings. The sky is light blue with white clouds and small white dots.

Birdie soared above, singing a cheerful tune.

“This is even better than my tablet!” giggled Dino.

**They played, raced, and rolled in the grass
until the sky turned orange.**

Back home, the power came back on. “Beep!” said the tablet.

**But Dino looked at it and smiled.
“Maybe later,” he said.**

He grabbed a crayon and started drawing his friends at the park.

**“This is my new favorite game,”
said Dino proudly.**

Mama smiled. “Looks like you found the best kind of fun — the real kind!”

That night, Dino whispered, “Goodnight, Digital Playground. See you tomorrow.”

**“Dino and the Digital Playground!” reminds us
that screens can be fun,
but real friends, sunshine, and playtime make
the best adventures of all!**
