

Frozen Freddy

and the Climate Crew 🐾

© 2025 Smiles Preschool. All Rights Reserved.

Freddy the polar bear noticed
his icy home was melting.

He called his friends on the
Climate Crew app.

Polar bears, seals, and kids
joined from around the world.

They learned how to save energy and plant trees.

The penguins built snow windmills for power.

The kids recycled and rode bikes to school.

Slowly, the ice began to grow again.

**Freddy clapped his flippers
with joy.**

Team Earth
is the best
team ever!

“Team Earth is the best
team ever!” he cheered.

We promise to keep the planet cool!

Everyone promised to keep the planet cool. THE END.
