

THE THREE LITTLE PIGS AND THE WI-FI WOLF

Once upon a digital time, three little pigs said goodbye to their mom and went out to build their own smart homes.

Piggy One loved playing games on his tablet.

“I’ll build my house fast—then I can play all day!”

**He built a house of cardboard boxes
and connected his tablet to Wi-Fi.**

**Piggy Two loved making videos
for her “PigTok.”**

**“I’ll build my house of wood—it
looks cute on camera!”**

She filmed her progress, saying, "Don't forget to like and snort-scribe!"

**Piggy Three was the
smartest of all.**

**"I'll build my house with
smart bricks and a
security app!"**

A pig character wearing blue overalls and a tool belt is kneeling on the floor, using a screwdriver to adjust a white door sensor mounted on a wooden door. A black security camera with a red light is mounted on the wall above the door. To the right, a laptop sits on a small wooden table, displaying the text "CONNECTED— [Wi-Fi icon] SAFE MODE ON" in green. The scene is set in a room with wooden walls and a window in the background.

He added door sensors, cameras, and a password-protected Wi-Fi.

But deep in the dark forest, the Big Bad

Wi-Fi Wolf sniffed the air.

“I smell a signal... time to log in!”

**He crept to Piggy One's house.
"Little pig, little pig, let me in!"**

**“Not by the hairs on my snouty chin!”
The wolf grinned. “Then I’ll huff, and I’ll puff, and I’ll—”
He stopped. “—try your Wi-Fi password!”**

PIGGY ONE

**He typed: "1234pig." It worked!
The wolf crashed Piggy One's game
and scared him off!**

Piggy One squealed and ran to Piggy Two's house.

Soon, the wolf found Piggy Two online, live-streaming her dance. "Time to join her stream!" he growled.

**He guessed her password: "oinkdance."
It worked again!
The wolf spammed her comments: "Huff! Puff!
Let me in!"**

The two pigs squealed and ran to Piggy Three's smart brick house.

WELCOME HOME, FRIENDS!

The wolf followed the Wi-Fi signal but couldn't connect. He tried "pig123," "smartpig," and "password."

**None worked! Piggy Three used a super strong password—
“SnoutySafety#2025.”**

A digital illustration of a muscular, grey wolf with yellow eyes and a menacing expression, standing in a storm. The wolf is wearing dark, worn-in jeans and is in a dynamic, aggressive pose. In the background, a two-story brick house with solar panels on the roof is being struck by rain and lightning. A sign in front of the house reads "SMART HOME EST. 2023". Several glowing blue Wi-Fi symbols are scattered around the scene, some appearing to emanate from the house. The sky is dark and stormy, with rain falling heavily.

The wolf howled, "This Wi-Fi is too secure!"

**Piggy Three checked his security app.
“Alert! Wolf detected near camera 3!”**

He tapped the “Wolf Blocker” button. The smart gate closed with a beep!

**“Let’s teach him a lesson,” Piggy Three said.
The pigs turned on the smart sprinklers!**

“AHHH! Cold water!” cried the Wi-Fi Wolf, running away dripping wet.

**BYE
BYE
WOLF!**

A vibrant, celebratory scene featuring three cheerful piggy bank characters. The piggy bank on the left wears a colorful party hat. The middle piggy bank is dressed in a blue dress with a white daisy necklace and a white flower crown. The piggy bank on the right has a yellow bow tie. They are all smiling and holding up a large sign. The background is a bright, colorful sky with falling confetti and balloons. The sign has a rainbow gradient and decorative swirls and stars.

**Safe &
Smart!**

**The three pigs cheered and danced.
They learned an important rule:
“Strong passwords keep us safe and
sound!”**
