

THE GOD SIGNAL™

W.A.V.E. METHOD QUICKSTART GUIDE

A Fast-Start Cheat Sheet from the Quantum Faith Institute

WHAT IS THE GOD SIGNAL?

The **God Signal** is the way divine guidance shows up in your life through inner impressions, synchronicities, intuition, Scripture, dreams, and spiritual nudges.

God is always speaking. The challenge is learning to *recognize and interpret* the signal.

The **W.A.V.E. Method™** is the simplest, most effective framework to help you do exactly that.

THE W.A.V.E. METHOD™

A 4-Step System for Hearing and Following Divine Guidance

W — WITNESS

Notice what God is already showing you.

Pay attention to:

- Recurring thoughts
- "Random" ideas
- Patterns
- Coincidences
- Images or words that repeat
- Physical sensations
- Strong emotional shifts
- Unexpected opportunities
- Scripture that stands out
- Dreams and symbolic messages

📄 **Key Question:** "What is showing up in my awareness right now?"

A — ALIGN

Tune your spirit, emotions, and mind to God's frequency.

Alignment happens when your inner state matches the peace, clarity, and resonance of the Holy Spirit.

To align:

Breathe deeply

Enter stillness

Release fear and tension

Ask God for clarity

Set the intention to listen

Notice the shift from confusion → peace

📌 **Key Question:** "Does this feel like peace, truth, and divine order?"

V — VERIFY

Discern whether a signal is from God, ego, or emotion.

Verification is where clarity becomes certainty.

Ask these checks:

Scripture Test

Does it align with God's character?

Peace Test

Does it bring calm, not chaos?

Pattern Test

Has this message repeated?

Timing Test

Does it align with divine timing?

Confirmation Test

Has God reinforced it through others or events?

Red Flags: Urgency, fear, confusion, pressure, or contradiction.

 **Key Question:** "Does this carry the resonance of truth?"

E — ENGAGE

Take the next aligned step with confidence.

God rarely gives the whole path—just the **next faithful step**.

Engage by:

Moving toward what feels aligned

Taking small action

Speaking, sending, writing, or stepping

Following holy nudges

Trusting God to open the next door

 **Key Question:** "What small step can I take right now in alignment with the signal?"
