## QUICK COMPARISON TABLE

Below is a brief comparison of the 3 top platforms to sell your mobile photos.

PICFAIR	SHUTTERSTOCK	FOAP
Moderately easy to use	Highly easy to use (excellent mobile app support)	Very high ease of use (phone-first)
Potentially higher earnings per image (you set price)	Moderate earnings per image (15-40% royalty)	Low & unpredictable earnings per image (~US\$5)
High control over pricing (you set your price)	Less control over pricing (fixed royalty model)	Some control over pricing (missions)
Best for niche style, premium pricing	Best for large volume, broad subjects	Best for casual mobile shooters, fun content
