Get started and send emails instantly.

The laptop screen displays the 'Email Sequence' interface with the following sections:

- Initial Message:** Fields for From, To, Subject, and a placeholder for the message body.
- Follow Up:** A section for scheduling follow-up emails.
- Template:** A pre-written email template titled 'Warm introduction' with placeholders for personalization.
- Personalization:** A section for adding personalized content, including a link to a portfolio.
- Preview:** A section showing the final email preview.

While you're still applying on marketplaces, someone else just closed your dream deal.

Creators using **Persona** automated email outreach turn content into \$1K–\$5K partnerships every month. While others wait, you're already closing.
